Tons Of Gifts Go To 165,000 War Zone GIs

By United Press International
Americans concerned about U.S. servicemen spending their first Christmas in a foreign war in more than a decade are flooding the military and the mails with gifts for the 165,000 GIs in Viet Nam.

A United Press International survey showed that more than 65 tons of mail and gifts, many sent anonymously, are sent daily to Viet Nam. In addition, more than 53 tons of gifts have already been flown out by the Air National Guard in "Operation Christmas Star." Another 46 tons awaits shipment.

Although no one knows where the gift drive started, newspapers and radio station led the way, inspired partly as a reaction to the anti-war demonstrations. The gifts were large and small and they came from the very old and the young. An 8-year-old Ohio boy sent four ball point pens; a lady, 85, confined to a nursing home, sent \$2. Literally tons of food, soap, medical supplies—even toys for Vietnamese children—were the most popular items.

A Minnesota man even sent his son, an Army captain, an old church bell he wanted for a chapel. Most of the gifts are shipped via San Francisco and the government has encouraged the Christmas drive with a new postal regulation permitting packages to be sent to Viet Nam at first class rates, but flying them out much faster.

At Santa Ana, Calif., a radio station sponsored the "Ma Jenkins Operation Mail Call" and got so many gifts, nearly 600 Texaco Service Stations had to be used as pickup points.

High schools at Neillsville, Wis., baked cookies for 24 hours straight to send to Viet Nam. Wives of law school students at the University of Texas collected 3,000 shoe boxes and filled them with canned fruit, shoe polish, razors and blades.

Viet Cong Free Two Americans

SAIGON (UPI) — Two American Special Forces sergeants captured two years ago by the Communist Viet Cong have been freed on the Cambodian border, Radio Cambodia announced today.

The Cambodian government said the two American servicemen would be allowed to travel through the country on their way back to the United States "as a humanitarian measure."

The two Americans were identified as George Smith and Claude McClure.

The names tallied with names of two American servicemen that the Viet Cong clandestine radio said Saturday had been released as a gesture of goodwill toward American demonstrators against fighting in Viet Nam.

American military records show that Smith, of Chester, W. Va., and McClure of Chattanooga, Tenn., were captured when the Communists overran the Special Forces camp at Hiep Hoa southwest of Saigon on Nov. 24, 1963.

Weather

By United Press International

ESCANABA AND VICINITY—Partly cloudy and cold tonight and Tuesday. Low tonight 18, high Tuesday 30. Wednesday outlook cloudy, chance of some light snow. Slightly warmer.

Upper Peninsula — Mostly cloudy with snow flurries this afternoon probably ending early tonight and becoming fair and colder late tonight. Tuesday partly cloudy, a little warmer in afternoon. Low tonight 6-14. High Tuesday in lower 30s.

The sun sets today at 5:03 p.m. and rises Tuesday at 7:41 a.m.

Marchers Deny Rally Gave Aid To Communists

WASHINGTON (UPI) — Two chief sponsors of the Viet Nam war protest march on Washington Friday charged the weekend rally served only the Communist cause.

Norman Thomas, patriarch of the U.S. Socialist party, and Dr. Benjamin Spock, noted pediatrician, said they were dedicated to America's welfare and contended U.S. involvement in the war was hurting the nation and should be ended.

Thomas and Spock Sunday appeared with Sen Joseph Tydings, D-Md., and Georgia Gov. Carl Sanders on a televised debate (Issues And Answers—ABC) that featured the war in Viet Nam and Saturday's "March on Washington for Peace in Viet Nam."

Saunders said the demonstration "did more to help the Communists" and increased America's problem of convincing the North Vietnamese that the United States was determined to halt aggression.

Thomas replied that the United States was aiding the Communist cause by its increasing military involvement

in a foreign conflict. "We are turning the torch of liberty into a torch for burning villages," he said.

The 81-year-old Socialist said sending U.S. troops into the conflict "is immoral ethically and stupid politically." Thomas said President Johnson "could win a hero's role in history" by calling for an immediate ceasefire and the start of peace negotiations.

Sanders and Tydings defended the American role in the war, contending that all of Southeast Asia by now would have fallen under the domination of North Viet Nam and Communist China had the United States not gone to South Viet Nam's aid.

Klansmen Go On Trial Today

MONTGOMERY, Ala. (UPI) — Three Ku Klux Klansmen go on trial today in federal court on charges stemming from the night rider shooting of a white civil rights worker.

The three men were charged in an indictment with conspiring to violate the civil rights of an unnamed citizen. The charges were filed shortly after Mrs. Viola Liuzzo, a Detroit housewife, was shot and killed.

U.S. District Court Judge Frank F. Mohrson Jr., was hearing the case against Collier Leroy Wilkins, William Easton and Eugene Thomas.

Former Birmingham mayor and FBI agent Art Hanes was defending the three Klansmen.

"Ridiculous" Charges
Hanes, who was successful in defending Wilkins last month against murder charges, called the federal indictment "ridiculous and fantastic."

"The indictment is extremely vague. No one is mentioned in it and it doesn't say whose civil rights were supposed to have been violated," he said.

Mrs. Liuzzo, a white civil rights worker, was shot to death in her car March 26 while shuttling civil rights workers following the Selma-to-Montgomery racial march.

Zambia To Get British Patrol

LONDON (UPI) — Britain decided Monday to send Royal Air Force units to Zambia to patrol the frontier with Rhodesia, well informed sources reported.

The decision was taken at an 80 minute meeting of the full cabinet presided over by Prime Minister Harold Wilson, according to the informants.

It followed an urgent request from President Kenneth Kaunda of Zambia for a British defense force to bolster his own army and protect the key Kariba hydroelectric dam on the Zambia-Rhodesian border.

The dam spans the Zambezi River but the main power house is on the Rhodesian side.

Wilson was expected to announce the dispatch of the British air units to commons Tuesday.

Wilson has said repeatedly he would not send troops into white minority ruled Rhodesia, which issued a declaration of independence from Britain on Nov. 11. Major trouble could erupt with the opposition parties in parliament if he decided to send armed forces to the breakaway colony's borders.

Icy Road Causes 25-Car Smashup Near Kalamazoo

KALAMAZOO (UPI) — An icy road near Kalamazoo Sunday caused a 25-car chain reaction smashup, tying up an interstate highway for several hours.

Six persons were taken to Borgess Hospital in Kalamazoo where they were treated for minor injuries and released.

Five of the cars overturned as the lead car skidded on the icy east-bound lane of Interstate 94 east of here. The second car, which police said apparently was following too closely, plowed into the first and the chain reaction followed.

Some of the cars were bumping fenders even as police investigated the first crash.

At one time traffic on the lane was backed up for six miles. Kalamazoo sheriff's deputies were at the scene for more than four hours processing cases.

One officer said it was the biggest traffic jam ever handled in the vicinity.

Canada And U.S.A. Launch Satellites

VANDENBERG AFB, Calif. (UPI) — Canada and the United States teamed up Sunday night to simultaneously launch two Explorer 31—into polar orbit to study the earth's ionosphere.

"Everything looks real good right now," said a spokesman for the National Aeronautics and Space Administration (NASA) several hours after the twin launch from this base.

"Both satellites are relaying information," the spokesman said.

A Thor-Agena B rocket blasted the two satellites into orbit at 8:48 p.m. PST (11:48 p.m. EST). "It was a beautiful launch," NASA officials said. Telemetry data showed the two satellites were circling the earth every 124 minutes from an orbit that took them 1,980

statute miles and 315 statute miles from earth at the farthest and nearest points (apogee and perigee).

Police Pestered

KALAMAZOO (UPI) — The local police department has hoaxes reporting everything from traffic accidents to burglaries.

Pranksters have sent four police agencies and ambulances on two services on phony runs over the weekend.

Today's Chuckle

Fun is like insurance: the older you get, the more it costs.

Holiday Traffic Death Toll 611

We Have Stopped Losing The War, Says McNamara

SAIGON (UPI) — Defense Secretary Robert S. McNamara said Monday "We have stopped losing the war."

McNamara made the statement at an airport news conference before flying back to Washington after a two day visit to fighting fronts and a series of briefings in which American commanders were reported to have requested an increase in U.S. manpower.

The secretary earlier said the U.S. Army would form new air cavalry divisions for possible use in the war against the Communists in Viet Nam.

McNamara said the Communist North Vietnamese regime appeared determined to carry on the war.

He said the United States will meet any threat with whatever troops and aid are necessary.

Tours Battlefield

McNamara arrived in Viet Nam Sunday for briefings on the military situation by U.S. and Vietnamese military leaders and spent Monday touring the central highlands where American forces less than two weeks ago fought their bloodiest battle of the war.

There had been speculation McNamara would recommend increased air strikes over North Viet Nam and more American troops committed to the fight against the communists in South Viet Nam. He did or said nothing to dispel this speculation.

He said he has drawn one conclusion during his whirlwind 28 hour visit.

Long Siege Ahead

"This will be a long war," he told newsmen in the conference held at Tan Son Hut airport shortly before boarding a plane for the flight to Washington.

On his arrival here Sunday, McNamara said new "counter action" was needed to choke off a c c e l e rating infiltration by North Vietnamese regulars.

North Viet Nam today boldly urged Communist forces to challenge American and Vietnamese troops in more close quarter combat. The Hanoi regime said the strategy "kills more Americans" and makes U.S. air power useless.

South Vietnamese reinforcement and American advisers today scoured the huge Michelin rubber plantation 40 miles northwest of Saigon for a Communist regiment which shattered two Vietnamese battalions and a headquarters company in a fierce battle last Saturday.

McNamara announced the plans for new "Air Cav" divisions during a stop at An Khe, the jungle headquarters of the 1st Air Cavalry. The United States carried the brunt of last week's fighting against North Vietnamese regulars in the Ia Drang Valley and on the slopes of Chu Pong Mountain 210 miles northeast of Saigon.

The defense secretary did not go into details, but it was obvious that he and other military planners were so pleased with new concept of helicopter-lifted cavalry troops that it was being accepted as a new tool of war. The air cavalry is a highly mobile outfit that can be thrown into battle at a moment's notice.

DEFENSE SECRETARY Robert S. McNamara (left) is greeted at Saigon airport by U.S. Ambassador Henry Cabot Lodge. McNamara flew from Paris for two days of conferences with American and Vietnamese officials. At top left a carbine barrel held by a Vietnamese military policeman indicates the heavy security measures taken. (AP Wirephoto via radio from Saigon)

Johnson's War Policy Backed By Evangelist

JOHNSON CITY, Tex. (UPI) — President Johnson resumed preparations today for top-level talks on future U.S. aid to Asian nations and possible sharing of the American nuclear arsenal with West Germany.

Johnson got an unexpected boost for his conduct of the war in Viet Nam from evangelist Billy Graham Sunday during the windup of a 10-day revival meeting in Houston.

"Even a little handful can make a great noise and get national attention if they are protesting and demonstrating," Graham said in scoring the anti-war march in Washington as the President listened along with 61,000 others in the Astrodome Stadium.

Meetings At Ranch?

The President already is busy boning up for talks Dec. 14-15 with Pakistan President Mohammed Ayub Khan. Johnson is expected to insist that peace

between Pakistan and India must be preserved as a condition for continued American aid to both countries.

Meetings with Ayub and British Prime Minister Harold Wilson may be held at the LBJ Ranch. But a Washington location was rated as an outside chance.

West German Chancellor Ludwig Erhard, who is arriving in Texas Dec. 18 for a three-day conference, was sure to bring a demand for a greater control over the nuclear warheads now furnished to NATO allies but kept under U.S. control for use at the President's discretion.

Throng Fills Arena

In a break from his ranch-home routine, Johnson flew to Houston Sunday afternoon to attend Graham's evangelical crusade.

The President, perched high in a sky-box close to the roof of the stadium, listened intently while Graham delivered a sermon on "The Great Judgment Day" to the largest throng ever to fill the new arena.

"We know that they will feel at home here," Graham said in his opening remarks. "The Christian faith profoundly influences the leader of our nation at one of the most critical periods of history."

Attempts Made To Derail Trains Near Rosebush

ROSEBUSH (UPI) — Reports on two recent apparent train derailment attempts have been turned over to the Federal Bureau of Investigation by Ann Arbor Railroad detectives.

Railroad Detective Jerry Williams said a train crashed into a railroad marker on the tracks about a half mile north of Rosebush recently and, in another incident, a train hit a section of a rail and guard rail clamp placed on the tracks about one-half mile south of Rosebush.

California Tops List With 49 Auto Killings

By United Press International
More than 600 persons died in traffic accidents during the long Thanksgiving holiday weekend.

A United Press International count showed at least 611 persons were killed in traffic between 6 p.m. local time Wednesday and midnight Sunday.

The breakdown:
Traffic 611
Fires 80
Planes 24
Miscellaneous 92
Total 807

California led all states with 49 traffic deaths. New York State had 38, Texas 35, Ohio 31 and Pennsylvania 30. Only Alaska and Nevada reported no traffic fatalities during the holiday period.

Although the National Safety Council does not tabulate traffic deaths during Thanksgiving, UPI counted 577 traffic casualties during the 1964 Thanksgiving holiday. The Safety Council said about 575 persons would die in traffic accidents during a normal four-day weekend at this time of year.

The worst accident of the holiday was an airplane crash Saturday in which 13 persons were killed. A chartered airliner crashed into a hillside near Salt Lake City, Utah, while en route to a college football game.

The death toll rose to 11 from an explosion which ripped through the National Guard Armory at Keokuk, Iowa, at the height of a square dance on Thanksgiving eve.

Eight children at Burlington, Wis., were orphaned in a Thanksgiving day auto accident that claimed the lives of their parents, Mr. and Mrs. Joseph Fuller, and their grandmother.

Four children perished Saturday when fire swept their home in Lafayette, Ind. Two other children and the father escaped the flames.

MICHIGAN TOLL 25

The Grim Reaper ignored safety experts' pleas for a safe Thanksgiving weekend in Michigan and claimed 25 lives on the streets and highways.

A Michigan man was also killed in an auto accident in Kentucky. He was Harry Keohler, 71, Dearborn.

Icy roads caused some persons to stay home Sunday, but four others died on the roads.

An accident on a Clinton County road Sunday claimed the life of Richard Raymond Powers, 24, Maple Rapids. Police said his car went out of control and rolled over in a ditch.

Two elderly Fremont residents died Sunday when their autos met head-on on M 82, three miles south of Fremont. They were Alta Fowler, 73, and Alice Ludlow, 74.

Four-Story Fall Fatal To Woman Mental Patient

DETROIT (UPI) — The third woman mental patient in four months to fall to her death at a mid-town hotel, died Sunday, three hours after she plunged four floors to a courtyard.

Police said Miss Ruth Ensign, 55, died at a local hospital at 3:40 p.m.

She was released from the Ypsilanti State Hospital Oct. 18 on a convalescent status, but had not been discharged.

Acting medical director at the hospital, Dr. Victor Kershul said Miss Ensign suffered from "chronic mental illness."

All three of the patients who died at the hotel in the four months, were judged by the hospital as no longer needing custodial care.

Today Davis knows why. Police said the still-locked safe was stolen, as was the meat truck.

Coal Bin Robbed

MUSKEGON (UPI) — Another harbinger of winter? Mrs. Sarah Grisham reported to police that burglars broke into her home over the weekend and stole 1½ tons of coal from her basement.

Common Prayer Book Promises Joint Worship

PHILADELPHIA (UPI) — A proposed book of common prayer drawn up by Roman Catholic and United Presbyterian theologians could lead to joint worship by members of the two churches on special occasions, such as Thanksgiving Day.

A tentative agreement on the proposed manuscript was announced during the weekend by 31 clergymen of the two faiths at the close of a two-day conference at Krisheim, the national Presbyterian study center here.

Spokesmen for the two churches said the proposed book of worship and Bible study could be put into service by the end of next year, if approved by the Presbyterian General Assembly next May and the U. S. Catholic Bishops' Conference or its Ecumenical Relations Committee next fall.

The common prayer book would have three sections, the first for united worship in Catholic or Protestant churches or secular auditoriums; the second containing portions of scripture for worship or study without sermons; and the third sections of the Bible and commentaries pointing out similar or contrasting theological viewpoints between Catholics and Presbyterians to encourage in-

telligent "dialogue."

The new book would not alter the Catholic Mass or Protestant observance of Holy Communion.

The basic drafts of the common book of worship and Bible studies were drawn up after the first meeting of the interfaith communities in Washington last July.

Material for the book was gathered by the Rev. John T. Middaugh of Baltimore, Md., pastor of the Baltimore Presbyterian Church, and the Rev. Maurice Scheperers, O. P. Dominican House of Studies, St. Stephen Priory, Dover, Mass.

"It was the consensus of participants that the project should be carried to completion in view of the common bond in the lordship of Jesus Christ that already exists between members of the two communions," the Catholic and Presbyterian Committees on Christian Unity said in announcing the tentative agreement.

"In some form of joint worship and common Bible discussions the churches are expected to experience a deepened recognition of the unity Christ willed for his church in its mission to the world and to discern the working of the Holy Spirit," the announcement said.

The two delegations were headed by the Most Rev. Msgr. Henry Beck, professor of church history at Immaculate Conception Seminary, Darlington, N.J., and Richard L. Davies of Washington, D. C.

The Rev. Dr. Herman Harmelink of North Bergen, N.J., attended the meeting as an observer for the Reformed Church in America which holds the same creeds as the Presbyterian Church.

BLOOD DONORS are asked to report to the James T. Jones School, Gladstone, Tuesday, Nov. 30 from 3 p.m. to 7 p.m.; and in Escanaba on Wednesday from 2:30 to 7:30 and Thursday from 10 a.m. to 3 p.m. at the First Presbyterian Church, Call ST 6-3214 or ST 6-5471 for an appointment.

Coast Guard Answers Call

The report of an object that appeared to be falling in flames into Little Bay de Noc sent the Coast Guard of the Escanaba Light Station on a rough and icy duty mission on the bay Saturday night.

Escanaba police received the report and notified the Coast Guard.

Chief James Silver, officer in charge of the station, and BM3 Charles Benjamin set out in the 30-foot Coast Guard boat at 7 o'clock. Winds were 25 to 35 miles an hour and waves were six to seven feet high, tossing icy spray over the boat.

"It was pretty rough," said Chief Silver. "The windshield froze over and pretty soon we were coated with ice ourselves, because we had to be out if we were going to see anything."

"We sighted a light toward Peninsula Point and kept going, turning back after we were certain it was a light on the shore and not on the water. We were out about an hour and a half and got back at 8 o'clock."

Escanaba police officers praised the Coast Guardsmen for their willing cooperation in the investigation to determine—fortunately for all concerned—that there was no one in distress on the storm-tossed bay.

Hokkaido Island Jolted By Quake

SAPPORO, Japan (UPI) — A weak earthquake today shook eastern Hokkaido, Japan's northernmost main island, the Sapporo Meteorological Agency reported.

The tremor, which was felt shortly after 6 p.m. '4 a.m. EST) caused no injuries or damages.

Rainy Weather Reduced Kill Of Deer This Year

Bad weather and a lower deer kill seem to have been the twin troubles of the Upper Peninsula deer hunt which ended Sunday night.

The Mackinac Bridge count of deer taken south by Lower Peninsula hunters indicates that there was a large reduction in the kill from last year, although the number of Lower Peninsula hunters in the Upper Peninsula forests was up substantially.

Robert W. Timmer, Conservation Department supervisor.

Squeak

Joseph Gucky, superintendent of the Stephenson Consolidated Schools, hunting from his camp in northern Menominee County near Fannin in the hunt season which closed Sunday night, had a once-in-a-lifetime experience.

He shot a buck and when he went over to dress it it jumped up and he grabbed it by an antler and attempted to wrestle it to the ground. He went round and round with the wounded animal and it finally escaped.

Gucky is husky, but he has only one hand.

The next day his hunting party followed the blood trail of the deer, finally lost it.

The next day Gucky, sitting on a "post," reasoned what the deer might do. He thought it would go to the river, but not cross it in its wounded condition. He went to the river, put up the deer, shot it again, fatally this time, and took it home. A seasoned hunter, he'll never again believe a wounded deer dead without complete evidence.

visior in the Escanaba District (Delta and Marquette counties and the west half of Alger), said that the Mackinac Bridge count at 7 a.m. this morning was 10,841 deer and 102 bear compared with 13,150 deer and 189 bear in the comparable period last year.

Rainfall Excessive
Timmer said that the season's weather was cold, ranging from 16 degrees to the 40s, the snow varied from a trace in the southern part of the district to 20 inches along Lake Superior, and the rainfall was unusually heavy and particularly hurtful to hunting in the northern part of the district, where

Penn Road Must Restore Service On Straits Run

LANSING (UPI)—The Public Service Commission has ordered the Pennsylvania Railroad to restore all the service it recently cut back at 11 points between Grand Rapids and Mackinaw City.

The commission said the railroad cut almost in half its service hours at stations in Rockford, Cedar Springs, Howard City, Reed City, Big Rapids, Morely, Traverse City, Kalkaska, Mancelona, Petoskey, and Mackinaw City.

The railroad recently asked the commission to reduce its business hours at some of the stations by as much as 6½ hours daily.

Railroad officials made the request for a reduction in service hours Nov. 19. However, the commission said, the railroad reduced service without waiting for the commission to investigate the proposal.

Students Help Swell Volunteer For Blood Bank

Brother Nicholas of Holy Name High School submitted the names of 12 Holy Name boys as donors of blood to the Red Cross Bloodmobile that comes to Delta County this week. It will be at the Jones School, Gladstone, Tuesday and at the Escanaba Presbyterian Church on Wednesday and Thursday.

"These young donors are so welcome," said Mrs. Betty Hamilton of the Red Cross Blood Bank, "Holy Name usually sends 10 or 12 student donors to the Bloodmobile."

freezing slush and muddy roads that didn't freeze hard enough to bear traffic troubled hunters in the mobilized hunt.

"Through most of the season many of the side roads were impassable," said Timmer. "Main roads were good to slippery. The hunt varied greatly by areas with weather."

Weather Affects Hunt
"There must have been at least one day of the season to every hunter's desire because we certainly had every kind of weather, with an exceptionally large number of rainy days. Good or bad weather in the first two or three days of the hunt usually has a great influence on the kill and we had rain in that period and then noisier woods."

So despite the increase of more than 7,000 cars averaging about 2.5 hunters each at the Mackinac Bridge the kill was down. The bridge count on Nov. 17, after four days of hunting, was 3,400 deer and 31 bear, indicating a heavy southern flow of hunters out of the Upper Peninsula.

Largest concentrations of hunters in the district were in the Munising and Chatham areas of Alger County and about Gwinn in Marquette County and in the Stonington Peninsula and Federal Forest Highway 13 areas of Delta County.

Illegal Kill Light
Timmer said that the illegal deer kill in the district was light, that 9 such deer were recovered, that 97 arrests for uncased guns, shining deer and other infractions of the law were made; 7 emergency messages were delivered and 10 lost hunters were reported, three of whom were out overnight, and all of whom returned safely.

There were no hunt fatalities in the district and only one accident reported. It happened near Rock when a hunter shot up a red convertible for a deer, injuring two occupants of the car.

Dahomey Taken Over By Army

COTONOU, Dahomey (UPI) —The army today seized power in this postage stamp former French African colony and forced the resignation of the republic's warring political leaders.

It was the second time in two years the military took charge of the country under the direction of army commander, Gen. Christophe Soglo.

Dahomey is situated in West Africa, wedged between Nigeria and Togoland on the Gulf of Guinea. It has a population of 1.9 million.

The coup occurred after President Sourou Migan Apithy refused orders to resign from the nation's military and political leaders. Soglo called on National Assembly President Tahirou Congacou to take over temporary control of the government.

The republic remained calm, according to first reports. Martial music blared from the national radio. Vice President Justin Ahomadegbe also was forced to resign, Radio Dahomey reported.

A. E. Alexander Of Brampton Dies Sunday

Arthur E. Alexander, 64, of Brampton died at 1:15 p.m. Sunday at his home. He had been in ill health for the past several years. He was born Feb. 22, 1901 in Norway, Mich., and had been a resident of Brampton for the past 22 years where he had engaged in farming. He was a member of St. Joseph's Church in Perkins.

Survivors include his widow, Blanche DeSherman; one son, Claude William, serving with the National Guard in Fort Leonard Wood, Mo.; three sisters, Mrs. William (Sophia) Pillsbury of Brampton; Mrs. Clifford (Eva) Scott and Mrs. Frederick (Esther) Phillip of Leavenworth, Kansas.

The body has been removed to the Skradski Funeral Home and funeral services are tentatively set for Wednesday.

Ole Erlandsen Taken By Death

Ole M. Erlandsen, the father of Rep. Einar Erlandsen, died at 8:25 p.m. Saturday in St. Francis Hospital where he had been a patient for 26 days. He was 86 years old.

He was born in Norway, Europe, on Feb. 15, 1879. His wife, Inga, died in 1946. Mr. Erlandsen had resided at 1019 Sheridan Road.

A resident of this area for more than 60 years, he had been employed by the Mead Corp., Escanaba Division, and had retired in 1945. Mr. Erlandsen was a member of Immanuel Lutheran Church.

Surviving are three daughters, Mrs. Lars (Anna) Anderson of Escanaba, Mrs. Minnie Bjorkquist of Escanaba, and Miss Esther Erlandsen of Gladstone; three sons, Einar and Glenn of Escanaba and Melvin of Fargo, N. D.; two brothers, Oscar Erlandsen in Sweden and Emil Olson of Little Fork, Minn.; 13 grandchildren and four great-grandchildren.

Friends may call at the Anderson Funeral Home from 4 to 9:30 p.m. today.

Funeral services will be held at the Funeral Home at 1:30 p.m. Tuesday with the Rev. Roger Patrow, pastor of the Immanuel Lutheran Church officiating. Burial will be in the family lot in Gardens of Rest Cemetery.

Steel Business Picking Up But Orders Still Lag

NEW YORK (UPI) — Steel business is picking up, but incoming orders are still below what the mills regard as satisfactory levels, American Metal Market (AMM) said Sunday.

The national metals industry daily said the improvement is traced mainly to the fact that business conditions are good and capital spending is heavy. The pickup is concentrated largely in bar and sheet and the mills are getting quite a few of their new orders from firms producing components for cars and trucks. Steel buying directly connected with defense is mostly for billet, barbed wire, tubing, and specialty plate.

Relatively speaking, AMM said, demand for building steel is holding up well.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name **Preparation H®**. At all drug counters.

We go to all the trouble of redesigning our interiors, improving our handling, and refining our Wide-Track ride, and some people buy us just for our looks.

Our new Executive Hardtop Coupe.

Just once we'd like to have people fall in love with the inside of our cars before they flip for the outside. Why, this year alone we've made available brand-new wraparound buckets. Profile bench seats. More rich, genuine walnut paneling. And nicer instrument clusters you've never seen. We even had our engineers take our test cars

apart piece by piece to come up with improvements that, incredibly enough, make our Pontiacs smoother, quieter, more enjoyable to drive.

Really, though—we don't care which feature gets you inside a new Pontiac, as long as it gets you there. And it will. At least judging by the number of Pontiacs you see on the road.

Everything's new in tiger country. Wide-Track Pontiac/66
COME TO TIGER COUNTRY. YOUR PONTIAC DEALER—A GOOD PLACE TO BUY USED CARS, TOO.

Soap Piled Up For Marines

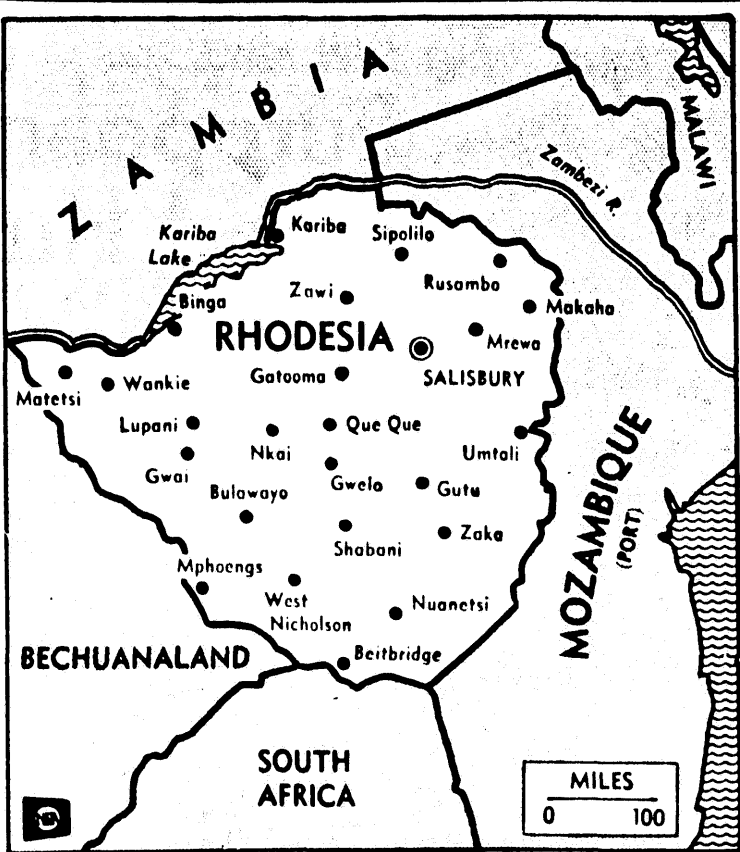

DETROIT (UPI)—There will be lots of lather for the Leathernecks in Viet Nam by Christmas if a Detroit mother has anything to say about it.

Mrs. Keith E. Mino, whose son, Pfc. Keith E. Mino Jr., is stationed with the Marines on Okinawa, has started her own "Operation Cleanup" to help the U.S. Marines in their soap and water campaign among Vietnamese children in their villages.

There already are 622 bars of soap stacked in the Mino dining room here as the result of combined collection efforts of local Boy, Girl, Cub and Brownie Scouts and Parent-Teacher Associations.

All donated soap will eventually be sent to the Third Marine Amphibious Force in Viet Nam for its Civic Action Program to aid the civilians.

Marine Corps recruiting offices throughout the metropolitan area are accepting soap donations and turning them over to Mrs. Mino who will send them on to Viet Nam.

AFRICAN TROUBLE SPOT—Newsmag locates Rhodesia where the government, despite British opposition and condemnation by the United Nations General Assembly, threatens to declare independence from Britain to maintain rule of a quarter million whites over a native African population of four million. If carried through, it would be the first such unilateral action by a British possession since the American Revolution.

Fish Slow Down In Cold Waters

By LEE SMITHS

There used to be fishermen who caught perch from their sneak boats in the fall while keeping one eye on the decoys, although fishermen usually lay aside their tackle when cold weather comes, except for those who are waiting for ice thick enough to make spear shanties and tip-ups workable.

Fly-casting purists have no choice. They can only tie flies and watch the calendar.

But, what about the fish? How do they fare as winter descends? The question was put to an authority, Robert R. McKee, curator of the Detroit Zoo Aquarium on Belle Isle. The answer took the interviewer and Bob McKee into watery depths, the mysteries of aquatic life and side-lines such as the built-in fishing tackle of the alligator snapping turtle.

"Fish," said McKee, "automatically slow down as the water gets colder. Their metabolic rate declines. Food is less plentiful, they need less food, so they take it easy much of the time during the winter. Turtles and frogs burrow into the mud and sleep all winter. Like fish, if they freeze they die. All living things must have oxygen and when plant growth and thick ice diminish oxygen below a certain point there are heavy die-offs in some of the interior lakes."

"In their aquarium quarters where water temperatures are kept at permanent levels fish behave in winter about as they do at other seasons, except for the breeding cycles. We can only speculate about what causes the formation of spawn in female rainbow in the spring and in specks and browns in the fall, in artificial habitat where variations in temperature and sunlight are largely eliminated."

A fisherman touring the Belle Isle Aquarium should make the acquaintance of a fellow angler, the alligator turtle, a southern species, resembling an oversized Michigan snapping turtle although it has a method making its living that our Michigan turtles lack. The Belle Isle alligator turtle weighs 115 pounds.

In the mouth of the alligator turtle is an appendage that looks like an especially attractive worm. The turtle keeps this lure in motion, with its jaws apart, and snaps down on the hungry fish that tries to sample the bait. The Belle Isle turtle fishes much of the time, although it can't be hungry. It gets a feed of chopped fish every other day.

One of the cheapest food-fish for an aquarium is the goldfish, which are easily reared in small ponds. The goldfish, a close relative of the carp, is abundant in various parts of the Great Lakes region. We're told that goldfish were dumped into Lake Michigan at the close of the Chicago World's Fair, more than 70 years ago.

Recently Arctic grayling have been received at Belle Isle Aquarium from northern Canada and by a gradual process have acclimated to captivity. These are close cousins of the grayling for which the Au Sable River in Michigan was famous in the last century.

Michigan grayling, last reported in the Otter River in the Upper Peninsula, became totally extinct within recent years. There is a mystery involved in that because in British streams, grayling not only flourish, but are regarded as something of a pest in some waters.

The grayling is a fish of yesterday, and the aquarium has arranged to exhibit two Michigan fish of tomorrow — the coho and landlocked sockeye salmon. Infant fish of these species have been provided by the Conservation Department, which plans to introduce them in suitable Michigan waters.

EAR LOSS CAUSED WAR
The "War of Jenkins' Ear" was the popular name given to a war between Spain and Great Britain in 1739. It was occasioned partly by the tortures undergone by Robert Jenkins, a ship captain, at the hands of the Spaniards.

In England and Wales, soul cakes were baked about Oct. 28 to be distributed among the poor and eaten on All Souls' Day.

Jobs Corps Wants 112 Girls Friday

HOXEYVILLE (UPI) — The Hoxey Job Corps Conservation Camp wants to borrow some girls, about 112, if possible, for a few hours Friday night.

George Carter, recreation director, said the 112 boys at the

camp are planning a dance Dec. 4 at the Hoxeyville Gym, but there are no girls at the all-boy camp.

Letters have gone out to families inviting girls aged 16 to 21. Carter said job corps buses will pick up and return the girls to designated places or homes.

Job corps personnel will chaperone the party and parent may attend.

Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. FASTEETH, an alkaline (non-acid) powder to sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, gooey, pasty taste or feeling. Get FASTEETH today at drug counters everywhere.

"All I said was:
Show me a filter that really delivers taste and I'll eat my hat."

BILL PERRON
ANSWERS YOUR INSURANCE QUESTIONS

QUESTION: We haven't changed the fire insurance on our home and furniture for many years. Some of our things have become almost worthless but some have increased in value including the house itself. How can we arrive at an accurate figure on the value?

ANSWER: Call in a good insurance agent for an appraisal of the house and then make a complete inventory of all your furniture and personal effects. It won't take as long as you think and you'll have a pretty good idea as to how much fire insurance you should have.

This public service is our way of advertising. Your insurance questions will be answered without charge or obligation if you'll send or bring them to:

UPCAP's Future

The resignation of Dr. E. V. Bowden, executive director of the Upper Peninsula Committee on Area Progress, brings that four-year-old U.P. economic development agency to a decision point.

Should it continue to develop its technical assistance services for use by federal government agencies in the Upper Peninsula, or should it pull back to its original purpose of coordinating U.P. county efforts at economic development? It will do the former as the best hope for survival.

Federal government agencies which now supply nearly all of UPCAP's \$250,000 a year budget forced the organization to admit as voting members representatives of its projects in the U.P. and also the four universities serving the Upper Peninsula. This action brought the resignation of Dr. Bowden. The reaction to Bowden's resignation by some county supervisors was threat to resign from UPCAP and withdraw their county's support.

Bowden issued a letter to all county delegates urging that no such hasty action be taken and declaring his belief that UPCAP is now on the threshold of a new era of enlarged usefulness to the U.P.

The county boards of supervisors, he said, are still the biggest voting bloc in UPCAP, and with Northern Michigan University in the membership, Marquette County will have more reason than ever before to become a member. Marquette's entry would give UPCAP 15 voting county delegates, compared with 6 representing the Community Action Agencies of the War on Poverty, 6 representing Economic Development Administration agencies and 4 representing the universities serving the U.P.

The counties thus keep a clear voting edge in UPCAP for the present despite expressed fears by supervisors of a "takeover" by Washington. And with its present organization UPCAP has a staff to process economic development projects created by local sponsors in the U.P. without bearing too heavily on the counties for its support.

Bowden recognized the new relationship of local economic development efforts and the federal government and moved UPCAP strongly into relationship with federal agencies. This solved UPCAP's need for income to pay its staff, as it got grants from the Area Redevelopment Administration and other agencies for giving technical assistance in their U.P. projects.

And it also appears to have impressed the federal agencies as a useful service. The Office of Economic Opportunity was glad to pay UPCAP for its assistance, but as these services grew the universities became concerned about this "middleman" (UPCAP) passing on their projects. They wanted a voice in his counsels and they got one.

UPCAP's orientation has been changed. It started out to be a grass roots organization dedicated to the development of the Peninsula's economy. Now its inner branches are flourishing in Washington. While it has not abandoned its original objectives, it seems most occupied with the service that pays its bills—those to the federal government. Because these serve the counties too in the process, UPCAP can rationalize that it is well employed. It's keeping its hand in, but it doesn't have all the chips any more.

This need not be fatal and, as Bowden suggests, UPCAP could be entering on a period of enlarged usefulness. It will depend a great deal on the interest which the county boards of supervisors take in their organization, and upon their insistence that it not abandon its original purpose of developing the U.P.

Slow Motion

Andrew Tully, who writes the National Whirligig column, dissected one aspect of the Post Office Department operations in his incisive manner, so it is with a certain reluctance that this newspaper attempts to resume the surgery now.

But some further ailments of the Post Office Department need corrective treatment and are unlikely to receive it unless the patient is made aware of them. The most apparent of these ailments is sluggishness. No one seems to know what has caused this state of torpidity, but it is there for all who rely on postal service to see.

Here is an example of this lethargic conduct: Last summer an edition of the Houghton Daily Mining Gazette was delivered in the office of the Mining Journal in Marquette exactly four days after publication. Houghton is 100 miles from Marquette, so this piece of mail advanced in a southeasterly direction at an average rate of 25 miles a day. Any able bodied man could have walked that distance in less than four days.

This record was short-lived, however, when other late last month or earlier this month a news release from Michigan Tech in Houghton was delivered to the Mining Journal's collection box in the post office in Marquette five days after the envelope was postmarked. A crippled tortoise could have made better time.

It seems that mail service was far better in the good old days of the three cent stamp and the one penny postal card than it is in this age of ZIP codes and increased postal rates. We read about postal service becoming automated, but we see precious few examples of the effect of automation on delivery of mail.

Perhaps the solution is to turn the postal service over to private enterprise. A privately-operated parcel service has demonstrated that it can deliver parcels with an efficiency that is lacking in government deliveries. This may be exactly what is needed in all postal service.—Marquette Mining Journal.

The Perfect Gift

Each year at this time millions of Americans sit down with a list of relatives and close friends and ponder what would be the very best gift for each—the one thing that would truly delight and please.

Your local Red Cross asks, as you study your list this year, that you consider the one nearly perfect gift—the gift that gives directly of yourself—that is not controlled by your financial status and that brings the greatest value—human life.

Sign up now and donate blood for your fellow men this Christmas season. The bloodmobile will be at the Jones School, Gladstone, Tuesday, from 3 to 7, and at the Presbyterian Church in Escanaba on Wednesday from 2:30 to 7:30 and on Thursday from 10 to 3. Phone the Red Cross, ST 6-3214, or walk in.

"Did Somebody Whistle for Me?"

Too Many Spies

By RAY CROMLEY

WASHINGTON — (NEA) — Fidel Castro's two million neighborhood informers discourage State Department officials who would like to see a revolution in Cuba.

The large spy organization (one Cuban out of four) is credited with a major role in the Bay of Pigs debacle. (The rapid roundup of dissidents fingered by these informers squashed hopes of an internal uprising.)

North Viet Nam and Red China have similar neighborhood informer systems. These have cost the lives of South Vietnamese agents and saboteurs sent to the north. They have caused the defeat of guerrilla units which Nationalist China's Chiang Kai-shek has infiltrated into mainland China.

New information on the Cuba organization has been brought in by refugees.

What follows are the words of a Cuban woman who lived for years in Havana under the thumb of one family of informers:

"There were two families of informers in my block.

"One lived right across the street. They were very poor people given the house of a doctor who had fled the country. The father shined shoes for a living. The woman was a laundress. The three daughters were in the militia; they dressed like men. There were also three small boys, the oldest about seven.

"Day and night you could see one member of the family or another standing in the house by the window, looking out and taking notes in a small notebook.

"They would record the comings and goings of the people in our block.

"Guests always left before 10 in the evening. We had learned that when anyone stayed after 10 the informers considered the meeting political and so reported it.

"If someone in the block took a package to mail, the informers would note it down.

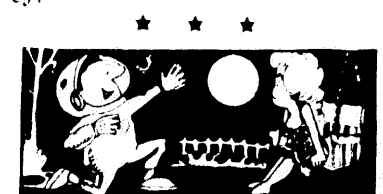

"The informer family across the street had worked so efficiently that at the first signs of the invasion at the time of the Bay of Pigs, police moved in fast and took 13 men out of three of the 20 houses in our half-block. It took them only five minutes.

"The children informers were the worst. The seven-year-old boy across the street would hang around the grocery store

BARBS

By WALTER C. PARKES
Subject of a new opera is the life of Carrie Nation. Let's hope the critics don't do a hatchet job on it.

A gourmet shop is a store where you can buy fancy foods at prices higher than you fancy.

When a lover promises his sweetie the moon nowadays, he'd better own a space suit.

Opticians estimate 84 million Americans wear eyeglasses. Wonder how many are worn for protection only?

watching what was going on as people queued up to buy food.

"One morning, as an 80-year-old woman stepped up to buy rice, the little boy shouted: 'Don't sell her another pound; she bought one this morning.' The boy shouted so long and loud the police came and took the woman to court.

"This boy used to spend much time standing around in people's yards in our block. He would wander around the houses trying to peek in and see what was going on. As we would sit in the dining room eating, we'd look out and see this boy or a little brother watching.

"We used to give the boys candy, in the hope it would make them more friendly. But we stopped that after one conversation.

"I had asked the boy what he wanted to be when he grew up, a militiaman?

"He said no, that he was afraid that as a militiaman he might be poisoned by some anti-Castroite.

"We began to worry that the boy might become sick after eating some of our candy and we'd be accused of poisoning him. After that, we gave him nothing."

A top U.S. priority must be the circumventing of these neighborhood spy systems—whether in Red China, North Viet Nam or Cuba.

People, Events Of Yesteryears

From the files of the Escanaba Daily Press

25 YEARS AGO

The nearly 10 acres in the Old Brewery property on Lake Shore Drive will become city property for the price of \$10 if a recommendation made by the city council at a special meeting is approved by the state conservation department. It will become a park.

Escanaba high school's affirmative debate team lost to Ishpeming 3-0. Representing Escanaba were Ruby Arnsen, Barbara Bartlett and Bob Stephen. The question was: "Resolved, that the powers of the federal government should be increased."

50 YEARS AGO

Sheriff Andrew Iverson investigated the finding of a human leg in a brush pile and confirmed the belief that the limb was one that had been amputated by a physician and left there. A quantity of cotton tape found with the limb convinced the sheriff that the leg was one that had been amputated by a surgeon who had neglected to bury it.

Plans are nearly completed for the opening of the Christmas shops at 708 Ludington St. One of the most interesting of the little shops is to be styled the "Wee-Folks" Shop and will carry a line of attractive and useful things for the little ones.

Joseph J. Clairmont, 225 W. Prospect Marquette

15-year-old boy here has the wanderlust in a big way. After Jonathan Davies disappeared from his home Friday, his parents found a note he left saying: "Gone to Australia—back in 10 years." He took his bicycle with him.

Town Too Short
TOMBALL, Tex. (UPI) — The Chamber of Commerce of Tomball announced a Christmas parade for Dec. 4 and invited merchants to provide floats and decorations. The idea caught on and 25 blocks of floats and decorations were volunteered.

The only trouble is, Tomball is only 10 blocks long.

Letters To Ann Landers The Press

Contributions are welcome. They cannot be over 400 words and must be signed with name, address and phone number of writer and names will be used. The right to condense letters is reserved.

CONTACT
Today, for the third time I visited our Northern Michigan University library in order to read the Escanaba Daily Press.

It is not unusual to wait a spell for your paper. In fact, the Escanaba paper is one of the most popular in our library. However, not seeing the paper, I asked the desk about your paper. I found out that all U.P. papers will be dropped by Northern Michigan University. As to the reasons, the library will not say.

We past Escanabans have enjoyed the Escanaba Daily Press and most of us are avid readers of it. However, due to the high cost of out-of-town subscriptions, most of us have used the library copy. To many, your paper is the only contact with home. From a marketing standpoint, many of us married students watch for special retail promotions in Escanaba and shop in Escanaba stores for larger items.

I, for one, purchased all my home furnishings from Escanaba stores plus our auto, due largely to your Escanaba Press. However, communication between the students of Northern Michigan University and Escanaba has been lost. When I think of the future of Marquette from a marketing standpoint with the future growth of Northern Michigan University assured, it makes a marketing and distributive education student like myself pleased for Marquette, yet sick because of what Escanaba could do to draw Marquette students to Escanaba's retail district.

Perhaps letters to Northern Michigan by your office would help avoid the "cut off" of Escanaba from Marquette. I assume Escanaba is interested in the trade Marquette, and the college student has in the past contributed to the Escanaba area? I also assume Escanaba is interested in keeping in contact with that great output of manpower it throws from its city gates each year? I assure you that the Escanaba Press is one good way of building a better Escanaba. Your paper is the only contact with 5,000 students at Northern.

Joseph J. Clairmont
225 W. Prospect
Marquette

Dear Ann Landers: Recently there was a letter in your column about wives who undress in the closet. The letter attracted my attention because I am a 15-year-old girl who has a similar problem, only I hate to undress in front of my female classmates.

I just die when I have to shower after physical education. The dressing rooms don't have doors or curtains. It's not that I am overly modest, Ann, it's just that I wear a size 32 A cup brassiere and I am ashamed of having so little to put in it.

A flat-chested girl is like a peacock with no feathers. I feel inferior and self-conscious. Is there anything you can say to make me feel better? — LITTLE EVA

Dear Eva: If you are only 15, don't buy a lifetime supply of 32-A cups. You are sure to outgrow them.

Dear Ann Landers: I saw when my eyes fell on the words, "The American husband is the most spoiled, pleasure-seeking parasite in the world."

I was married to a European for 10 years so I speak as an authority. The European husband would sooner be caught dead than with a dish towel in his hand. He feels it is beneath his dignity to carry out the garbage or empty an ash tray. It does not offend him, however, to sit in an easy chair with his shoes off and watch his wife haul large baskets of laundry up from the basement.

The European husband leaves his wife home a lot. I was never invited on a business trip although my husband's colleagues often took their wives. I was not permitted to join a bridge club because my husband said respectable women don't leave the house alone at night.

Ten years with that dingbat was like a life sentence. Now I am happily married to an American who treats me like a human being. — THUMBS DOWN ON EUROPEAN MEN.

Dear Thumbs: I'm not disputing your words but I know of some American husbands who have the traits which you describe as "European." I'd like to hear from other women who have (or have had) European husbands. What goes (or went) on at your house, girls?

Our society has become dimention wacky in the last 25 years and it's nonsense. Some of these top-heavy movie stars look like pasture animals. The girl who is slightly oversized can always add a little, but the over-endowed ones are stuck. And I don't want any of you smart aleck college boys to write and tell me not to waste my sympathy in girls who are "stuck" with 38's. They might be doing all right — but for the wrong reasons.

Dear Ann Landers: Why do some members of the clergy feel free to call on members of their parish any old time and expect to be welcome as the flowers in Spring?

Isn't it common courtesy to telephone and ask if a visit is convenient? Does a clergyman have a special license to drive over whenever he feels like it and ring the doorbell?

I've discussed this with three other women in our parish and they, too, resent these unannounced visits. If we are wrong, please tell us. Thank you. — JUST US.

Dear Just: No one has a right to drop in without first calling to see if it is convenient. I see no justification for a woman being trapped in her own home by a drop-in visitor when she is busy, unprepared, or perhaps dashing to another appointment.

To solve some of the frustrations, disappointments and disillusionments of married life, send for Ann Landers' booklet, "What to Expect from Marriage," enclosing with a recent 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

The Escanaba Daily Press has 95 per cent coverage in the City of Escanaba, 94 per cent in the City of Gladstone, 90 per cent in the City of Marquette and 83 per cent throughout Delta County. The Daily Press is a welcome visitor in 10,400 homes daily in a five-county Central Upper Peninsula area. Smart advertisers use the Escanaba Daily Press.

Europeans Not Good Husbands?

Dear Ann Landers: I saw when my eyes fell on the words, "The American husband is the most spoiled, pleasure-seeking parasite in the world."

I was married to a European for 10 years so I speak as an authority. The European husband would sooner be caught dead than with a dish towel in his hand. He feels it is beneath his dignity to carry out the garbage or empty an ash tray. It does not offend him, however, to sit in an easy chair with his shoes off and watch his wife haul large baskets of laundry up from the basement.

The European husband leaves his wife home a lot. I was never invited on a business trip although my husband's colleagues often took their wives. I was not permitted to join a bridge club because my husband said respectable women don't leave the house alone at night.

Ten years with that dingbat was like a life sentence. Now I am happily married to an American who treats me like a human being. — THUMBS DOWN ON EUROPEAN MEN.

Dear Thumbs: I'm not disputing your words but I know of some American husbands who have the traits which you describe as "European." I'd like to hear from other women who have (or have had) European husbands. What goes (or went) on at your house, girls?

Our society has become dimention wacky in the last 25 years and it's nonsense. Some of these top-heavy movie stars look like pasture animals. The girl who is slightly oversized can always add a little, but the over-endowed ones are stuck. HOWEVER WHEN FRIEND WIFE WANTS HIM TO DO SOMETHING—THE MEDICINE MAN'S WORDS ARE QUOTED AND FOLLOWED TO THE LETTER...

Hearings Booked Next Month On Highway Signs

LANSING (UPI) — Rep. George F. Montgomery, D-Detroit, has urged citizens across the state to "make every effort" to testify at five scheduled public hearings next month on major road-side sign legislation.

Montgomery, who is chief sponsor of the newest bill to regulate advertising on the state's highways, failed to spring his bill out of the roads and bridges committee last fall when the chairman, Rep. Josephine Hunsinger, D-Detroit, declined to call a meeting to consider it.

Two In Peninsula
In a wire to Mrs. Hunsinger Friday, Montgomery thanked her for scheduling the hearings—at Negaunee, Dec. 1; St. Ignace, Dec. 2; Ludington, Dec. 3; Detroit, Dec. 7, and Benton Harbor, Dec. 8—and said he and his co-sponsors hoped the sessions would be "interesting and informative."

Basically, the bill sponsored by Montgomery and Rep. Charles F. Gray, D-Ypsilanti, would empower the state high-

way department to ban non-essential highway advertising within "protected areas" 660 feet either side of the rights-of-way on interstate and other federal highways.

It was drafted to conform with federal standards after the U.S. Bureau of Public Roads threatened last June to cut off federal matching funds of more than \$140 million unless the state acted to curtail billboard jungles.

Exceptions Provided
But Mrs. Hunsinger said Friday her committee intends to "come up with a new bill to conform with federal standards" after sifting through the information gained at the hearings. One billboard bill passed both houses in different forms last spring and is still lodged in a conference committee.

Several civic groups—including the Michigan Roadside Council, the Michigan United Conservation Clubs, and the Garden Clubs—have urged adoption of such legislation as part of the nation-wide beautification program.

Fighting the legislation have been groups and communities involved in the tourist industry, who claim cutting down on highway advertising would cut heavily into their tourist trade.

Representatives of both sides have been invited and are expected to turn out in force at the hearings. Mrs. Hunsinger said the bulk of the hearings were scheduled in the northern parts of the state because they "seem to have the greatest interest" in the problem.

Although the Montgomery-Gray bill would banish familiar road-side billboards advocating such things as beer, shaving cream, distant resorts, new cars, tobacco products, and soft drinks, it would allow signs "in the specific interest of the travelling public."

Included would be places for eating and lodging, vehicle repair and service, historic sites, recreation areas, and activities "within 12 air miles."

Contract Ends Strike Threat Of New York Dailies

NEW YORK (UPI) — The Daily News and the American Newspaper Guild on a new contract Friday night, ending a strike threat that could have shut down New York dailies.

Announcement of the agreement was made at 7:07 p.m. EST, seven minutes after a strike deadline set by the Guild.

Had the strike taken place, five other members of the Publishers Association of New York might have suspended publication to honor an association agreement.

John J. Gaherin, president of the publishers group, said his organization was "gratified" by the agreement.

"We're glad it's over," he said.

Thomas J. Murphy, executive vice president of the union said the Guild had compromised on its position on the key obstacle to the agreement—the union ship.

According to the News, 14 out of 15 new employees under the new contract must be Guildsmen, contrasted with 9 out of 10 under the old pact.

Order Is Signed For Department Of Corrections

LANSING (UPI)—Gov. George Romney Friday signed an executive order officially creating the new Department of Corrections under the Executive Organization Act of 1965.

The new department, headed by a five-member corrections commission and the department director, Gus Harrison, will go into effect Jan. 1. The department is the 13th to be created under the act that will eventually consolidate state government into 19 principal departments.

The Corrections Commission now consists of six members, but under the act will have to be reduced to five. In other respects, the department will remain essentially the same as the present one.

Mental Health Aid Approved

LANSING (UPI) — Legislative leaders said there would probably be "no problem" in passing a resolution to transfer up to \$35,000 in funds for the care of emotionally disturbed children at the Northville State Hospital.

Gov. George Romney made the request Friday, and both Senate Majority Leader Raymond D. Dziedzic and House Speaker Joseph J. Kowalski were quick to voice approval.

The plan calls for shifting funds within the mental health appropriation to provide needed equipment at the hospital. Because of the nature of the appropriation, only the legislature—which returns Dec. 9—can authorize a transfer of funds.

"If the need is great and the funds are available, I can't see any problem in doing what he (Romney) asks," said Dziedzic. Kowalski added he was sure the legislature would "take care of the children."

The governor made a surprise visit to Northville Friday morning before meeting with a group of concerned parents and representatives of the Michigan Association for Emotionally Disturbed Children in his office.

Chevrolet Hits 3-Million Mark Tuesday, Dec. 7

DETROIT (UPI)—Next month Chevrolet Motor Division of General Motors will become the first automotive producer in history to assemble 3 million cars and trucks in a single year.

E. M. Estes, Chevrolet general manager and a vice president of GM, said that based on current schedules the 3 millionth Chevrolet made in the calendar year 1965 will be built on Tuesday, Dec. 7.

"We are currently turning out about 11,100 automobiles and 2,400 trucks daily, or a total of 13,500 units, in our 12 Chevrolet assembly plants and in five assembly plants operated by General Motors Assembly Division, all of them in the United States," Estes said.

Ceremonies in observance of the production milestone will be held at the Chevrolet and Fisher Body assembly plant at Los Angeles, Estes said.

Births

PANNING — Professor and Mrs. Armin Panning of Watertown, Wis., are the parents of a son, Mark Thomas, born Friday, Nov. 26 and weighing 8 pounds. This is their third child and third son. Mrs. Panning is the former Virginia Nelson, daughter of Mr. and Mrs. Henning Nelson of Groes.

MRS. THOMAS F. Anderson, 1610 10th Ave. N., Escanaba, announces the engagement of her daughter, Ruth Elaine, to Robert Clifford South, son of Mrs. Earl Aiken, Cornell. Miss Anderson is a 1959 graduate of Escanaba High School, and she graduated from Northern Michigan University in 1963. She presently is employed as an elementary teacher in Palatine, Ill. Her fiancé is a 1954 graduate of Escanaba High School, and he graduated from Northern Michigan University in 1962. He also attended Michigan State University. He presently is teaching industrial arts in Orlando, Fla. A Dec. 25 wedding is planned at the Central Methodist Church.

Bark River LCW Meets Wednesday

The LCW of Salem Lutheran Church in Bark River will meet on Wednesday, Dec. 1, at 8 p.m. Hostesses will be Mrs. Hector Larson and Mrs. Phillip Norman. A program will be presented and all members and friends are invited.

McMillan

Birth
Mr. and Mrs. William Priess Jr. of Marshall, Mich., are the proud parents of a son born at 5:30 a.m. Monday, Nov. 22, Michael William. He weighed 7 pounds and 12 ounces. Mrs. Priess is the former Connie Lemm of Cheboygan and his parents are Mr. and Mrs. William C. Priess.

Briefs

Frank M. Kirby left Friday morning on a business trip to Flint.

Mr. and Mrs. Donald Webb and family of Lansing spent the Thanksgiving holiday with his parents, Mr. and Mrs. Jesse Webb.

Adam Petrovich of Lansing hunting from the Clyde Harkness home, was successful in bagging an 8 point buck on Thanksgiving Day.

Mr. and Mrs. Vincent Borowski and boys of Port Huron arrived here Wednesday evening to spend the Thanksgiving holiday with her parents, Mr. and Mrs. Russ Mark, also her brother and sister. Mr. and Mrs. Russ Mark and Sheila, Mr. and Mrs. Frank Kirby and boys.

Girl Scouts Get Pickup Truck For Trading Stamps

MUNCIE, Ind. (UPI) — The Wapahani Council of the Girl Scouts of America thinks trading stamps are better than cookies.

Council Scouts saved enough trading stamps to fill 1,291 books which they traded in for a pickup truck. They had 16 books of stamps left over and said they planned to use them toward a canoe.

Many Parents Attend Confab

There were 503 parents who attended the Parent-Teacher Conferences in the elementary schools of the Stephenson Consolidated School District on Nov. 5.

Eighty-one per cent or 147 parents conferred with teachers at the Daggett Elementary School and ninety-four per cent or 356 parents conferred with teachers at the Stephenson Elementary School.

Parent-Teacher conferences are planned each year to permit the parents to discuss the school work habits and achievements of their children with the teachers. Elementary pupils do not attend school on the days of the conferences.

Wells

Deer Hunters

Men hunting from Bill Casey's camp, at Northland this season were: Whitey Sandberg, Ben Shomin, Joe Eugate, Bob Boucher, Dick Casey, who shot an 8 point, 156 pound buck and Jim Casey, a spike horn. Visitors at the camp were Earl Walker and friend of Atlanta, Mich., and Paul "Dizzy" Trout, formerly with the Detroit Tigers and now with the Chicago Cubs.

Thanksgiving Dinner

Thanksgiving Day dinner was served at Casey's Camp, Northland, to twenty two persons: Mr. and Mrs. William Casey, Mr. and Mrs. Richard Schmeltzer and their son, Tom, home from NMU, who shot his deer that day; Mr. and Mrs. James Casey and family; Bob Boucher; Mr. and Mrs. Ed Ruleford and family of Menominee; Ken Rian, who got his deer and Gary Ruleford who shot a 6 point buck.

Home From Northern

Home for the Thanksgiving holidays from NMU were, Joe Larson, son of Mr. and Mrs. Clem Larson; Denise Way, daughter of Bob Way; Tom Pinar, son of Mrs. Ruby Pinar and Walt Veldman, son of Mr. and Mrs. Earl Veldman.

Mr. and Mrs. Bob Plave spent Thanksgiving in Chicago visiting her mother, sisters and brother.

Mr. and Mrs. Bob LaMarche of Chicago spent Thanksgiving with her mother and family. Mrs. Mae Longtime and also with his family. Mrs. LaMarche and son, Bob, and daughter, Kimberly are staying on for an extended visit.

THE FORMER Diane Koehler, daughter of Mr. and Mrs. Irvin Koehler of Gladstone became the bride of Gerald Weber, son of Mr. and Mrs. George Weber of Ensign in a ceremony at All Saints Church on Oct. 30. The couple now makes their home in Fond du Lac where Mr. Weber teaches at Goodrich High School. (Delta Studios, Gladstone)

Rail Wreckers Clearing Track

SPREAD EAGLE, Wis. — Chicago & North Western wrecking crews continued the tedious process of clearing tons of wrecked railroad engines from a narrow gap where two iron ore trains collided and derailed Friday night.

There were no injuries in the rear-end crash, but five crewmen had to jump from the trains and scramble up rain-slick banks to avoid injury. Both trains were moving at time of impact.

Night Parking Limited In City Starting Dec. 1

Motorists may not park after 2 a.m. for more than one-half hour on any street in Escanaba from Dec. 1 through March so that snowplows can operate effectively.

Police Chief Harold Finnan directed attention to the ordinance and said that court summons will be issued to motorists who violate it.

"Beginning Wednesday, Dec. 1, the ordinance is in effect on every street in Escanaba and will be enforced," he said.

An Exciting Place to Shop

Lee McMillan, C&NW ore dock agent in Escanaba, said it was "one of the worst wrecks" in many years for the railroad.

Carl Biron, trainmaster at Escanaba, said Saturday "you won't find many any worse."

Twist Tracks
Three diesel units and four iron ore cars from the rear train derailed and jack-knifed, twisting tracks like paper clips. All of the wheels were stripped from the head diesel unit when it plowed into the caboose of the first train.

The caboose and two loaded ore cars from the head train were also derailed. The caboose was heavily damaged.

A C&NW wrecking crew from Green Bay arrived Saturday morning with a large crane to begin clearing the tracks. A second wrecker from Milwaukee arrived today to work from the other end. Only the diesel units remained off the tracks this morning.

The rear train, pulling 46 cars of iron ore from Stambaugh, was the last ore train of the season scheduled from that city. The head train was pulling 70 cars of iron ore from Crystal Falls. Both trains were bound for Escanaba via Iron Mountain.

Rene Labre, chief clerk for the C&NW at Escanaba, said no cause for the collision has been determined. He said the railroad usually conducts an investigation and hearing after derailments.

Identify Crews
He identified the train crews as follows:

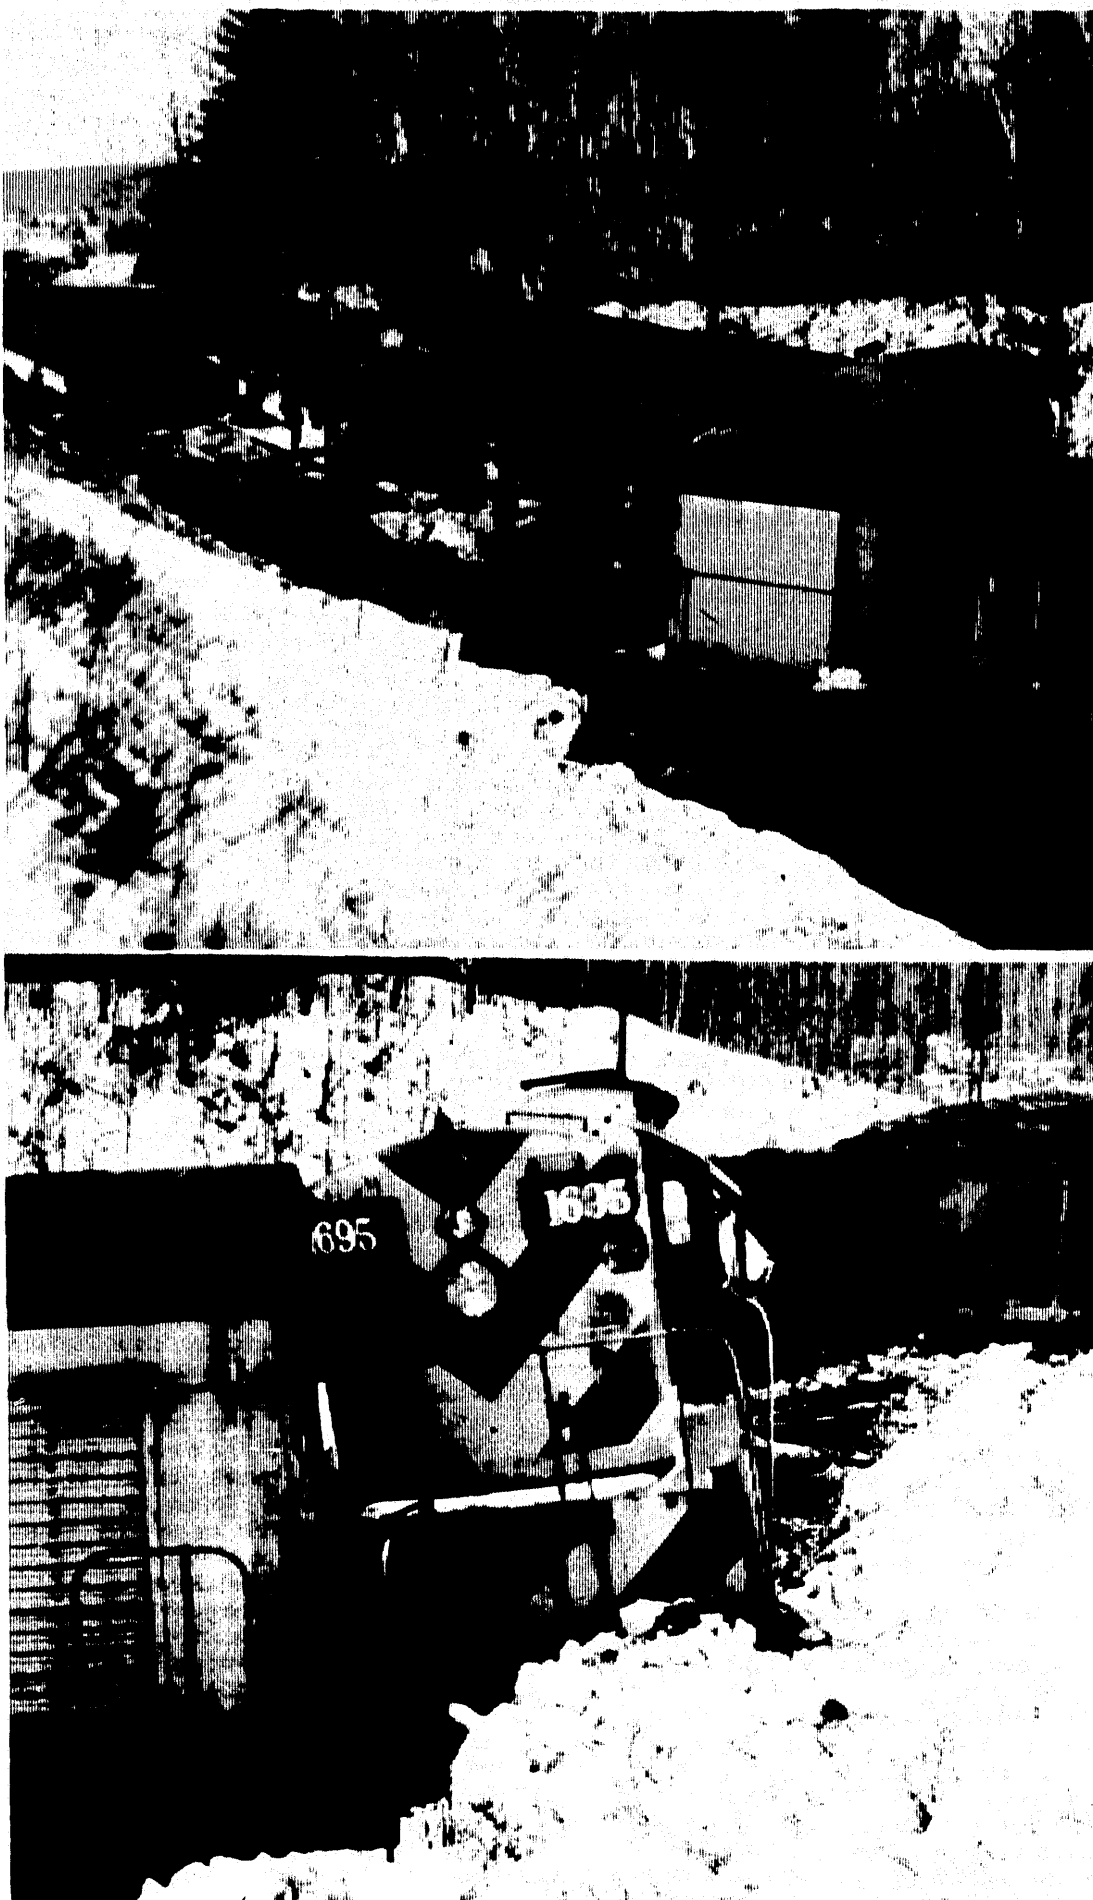

The rear train (from Stambaugh) had a Milwaukee Road crew consisting of F. Lindeman, engineer, R. Bloom, fireman, and F. R. Drake and R. L. Tramontin, brakemen, all of Channing, and James Costley of Escanaba, conductor.

The crew on the front train (from Crystal Falls) had a C&NW crew from Escanaba of Vern King, engineer, E. J. DeGrand, fireman, Ray LaCombe and Donald Dahlke, brakemen, and Lawrence Shanahan, conductor.

Dahlke and Shanahan were riding in the caboose and jumped seconds before impact. Lindeman, Bloom and one of the brakemen jumped from the diesel units.

The wreck happened on a straight stretch of track in a driving sleet and rain storm, about several hundred yards from a curve.

Railroad officials said that debris is expected to be cleared and track repaired by Wednesday.

THREE DIESEL ENGINES lie across Chicago & North Western railroad tracks at Spread Eagle, Wis., after they ramed the caboose of another train and derailed Friday. A wrecker hook from Green Bay has hold of the head unit and is moving it to the bank. In the lower photo, iron ore cars which also derailed are visible behind two of the criss-crossed diesels. Several hundred feet of track were torn up in the wreck and C&NW crews continued work today to clear and repair the area. (Daily Press Photos)

Grand Haven Will Again Have Huge Nativity Scene

GRAND HAVEN (UPI) — The Greater Grand Haven Ministerial Association this year is again sponsoring the world's largest nativity scene on Dewey Hill, the hillside that also is the site of the musical fountain for

which Grand Haven has become famous.

The various scenes portraying the Christmas story reach up to 32 feet high, covering an area of several acres. The star atop Dewey Hill is 44 feet tall and can be seen for many miles when lighted at night. The opening presentation, including the Christmas songs and narration of scriptural passages, will be Dec. 5.

Three Injured In Two Crashes

Three persons were injured in two traffic accidents and one continues to receive treatment in St. Francis Hospital today, it is reported by Escanaba police.

Neil R. Jefferson of Bark River is reported in good condition at the hospital where he was taken after an accident at 3:02 a.m. Sunday in the alley of the 1400 block, Stephenson Ave. He suffered bruises and lacerations including a cut forehead.

Police said that Jefferson was driving south in the alley and that his car struck a pole, bounced off and hit a garage and stopped. Jefferson was in the car when police arrived. They issued him a summons for reckless driving.

Raymond Pepin of Escanaba Rte. 1 and a passenger in his car, Jack Deacon of Escanaba Rte. 1, suffered minor injuries. The other car was driven by William J. Leach of Old State Road. The accident occurred at 12:41 a.m. Sunday on U.S. 2-41 at the Danforth Road entrance at the south Escanaba city limits. Leach was ticketed by police for parking in the lane of traffic.

Big Freight Car Plant Planned At Plymouth

PLYMOUTH (UPI) — Plans for a \$3 million car-building plant expansion here were announced today by the Transportation Equipment Division of Evans Products Co.

This latest expansion in Evans' car manufacturing program follows by a few months an announcement of a \$1.5 million expansion program at the same facility.

James J. Conway, vice president and division manager, said the latest addition will include \$2.5 million in building construction with the balance in machinery and equipment.

Completion of the expansion in the spring is expected to increase the capacity of the plant from the present five to 10 new freight cars per day, Conway said.

Besides freight cars, Evans makes rail and truck damage prevention equipment at the plant.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year . . . more than for all television spot announcements or radio advertising.

Now! New Chevelle SS 396 by Chevrolet

Equipped with a Turbo-Jet 396 V8, special suspension and red stripe tires.

These cars weren't meant for the driver who is willing to settle for frills.

They're engineered from the chassis on up as no-compromise road machines.

Standard output of the new Turbo-Jet 396 V8—which powers both models—is 325 hp. This remarkably efficient power plant is also available in a 360-hp version.

So much for what happens on straightaways. How about curves? You ride on a special SS 396 chassis—with flat-cornering suspension and wide-base wheels.

A fully synchronized 3-speed transmission is standard. Or you can order a 4-speed or Powerglide—also Strato-bucket front seats, center console and full instrumentation.

Sound like a car you could get serious over? That, as you'll see at your dealer's, is precisely how Chevrolet engineers planned it. Seriously.

See the new '66 Chevrolet, Chevelle, Chevy II, Corvair and Corvette at your Chevrolet dealer's

Secretary Of UPCAP Quits In Reorganization

Robert Ray, Michigan Bell Telephone Co. executive of Ironwood, is the second UPCAP (Upper Peninsula Committee for Area Progress) leader to resign recently. Ray has been secretary of the organization since June of 1964.

Dr. E. V. Bowden, UPCAP executive director, announced his resignation last week.

The resignations followed the November 22 UPCAP reorganization meeting in Escanaba, in which the UPCAP delegate body was expanded to include representatives of four U.P. universities and of the six U.P. War on Poverty Community Action Agencies.

Since its inception in 1961, UPCAP has been operating with a 14-member delegate body, one member elected by each of the U.P. county boards of supervisors, except non-member Marquette County. Funding was provided originally by the member counties and UPCAP operated with the aid of volunteer staff time.

The federal government first became involved in 1962 with an Area Redevelopment Administration grant to Nathan

Robert Ray

Associates, a Washington, D.C. consulting firm, for technical assistance to UPCAP. Another ARA grant was provided in 1964 to enable UPCAP to hire a professional staff, and in 1965 the Office of Economic Opportunity asked UPCAP to become the implementer of War on Poverty programs.

The reorganization of UPCAP was required by the Office of Economic Opportunity, apparently in response to university and congressional demands, to accomplish the release of new EOA funds to UPCAP.

The new membership retains the county delegates and adds one delegate from each of the six newly created Community Action Agencies, Northern Michigan University, Michigan Tech, MSU Extension, University of Michigan Extension, and six representing the Economic Development Committees when they are formed later.

Ray, in a statement to Harold Dettman, UPCAP chairman of St. Ignace, said that he was resigning because the reorganization has made UPCAP a different kind of organization than it was when he became affiliated with it.

"UPCAP started out as a grass-roots organization," said Ray "tied to local government and dedicated to the philosophy that local people working through their governmental organizations could have a significant influence on the future of an area."

"This concept worked well, both in the beginning when UPCAP was a cooperative volunteer effort of these delegates, the UPCAP standing committees, and other interested organizations and individuals, and later when federal Area Redevelopment and Economic Opportunity grants were added to expand UPCAP's regional and local economic development efforts."

"The federal government has now been successful in forcing a reorganization which departs from this grass-roots concept, and is likely to have more and more say in future UPCAP policies. Therefore, while wishing the new UPCAP well, I must tender my resignation."

Bug Eliminated For Gemini 7

CAPE KENNEDY (UPI)—Engineers working around the clock to keep Gemini 7 on schedule for launch Saturday replaced a faulty power unit Monday in the spacecraft's guidance system.

Project officials were running a series of tests on the system to determine if an electrical "bug" found Sunday has been eliminated.

A space agency spokesman said engineers were hopeful that the problem could be corrected without causing a delay in Saturday's planned launch of astronauts Frank Borman and James Lovell.

"We'll see how we stand later in the day," the spokesman said.

The trouble involved a surge of electricity in the computer aboard the spacecraft. The voltage boost apparently came from the power supply for the capsule's guidance equipment.

The electrical surge, called a "glitch" by engineers, occurred while the spacecraft was being put through a 15-hour series of simulated flights Saturday. Engineers discovered the trouble Sunday while studying data from the test.

A delay on the Gemini 7 launch would also affect the launch of Gemini 6 rendezvous pilots Walter Schirra and Thomas Stafford. They are scheduled to be rocketed in pursuit of Borman and Lovell nine days after the Gemini 7 launch.

Harold Winchester, 300 S. 18th St., bagged a buck weighing 150 pounds while hunting in the LaBranche area. The four-pointed buck was Winchester's shot on Monday, Nov. 22.

They have a new camp that hasn't yet been named, but the five Escanaba hunters all filled their licenses there north of Northland, Roy Swanson and Floyd Forvilly, Jerry Dersha and Bernie Schultz had to wait until Sunday to get their deer. The other two bagged theirs within the hour also. Total trophies of the hunt for the season: Four bucks and a doe.

Herman Kleiman Jr. of Wilson shot an 8-point, 180-pound buck while hunting near his home. Ronald Kleiman bagged a 7-point, 180-pounder in the Gourley area.

RALEIGH, England (UPI)—Britain's Royal Navy has hit on a novel way to combat homesickness among young recruits at this training base.

A 28-year-old woman doctor, a 26-year-old woman dentist and a woman welfare officer are looking after the sailors.

Arctic Cold Is Avoided Locally

By United Press International
Bitter cold enveloped Michigan today as an Arctic cold front moved through the northern reaches of the nation, bringing with it snow and winds of near hurricane force.

Pellston, as usual, claimed honors as the state's icebox, with an early morning low of 14 above zero. Sault Ste. Marie and Lansing reported 21, Alpena and Jackson 22 and Ypsilanti and Houghton Lake 23. The "warmest" low was 29 at Marquette in the Upper Peninsula and 28 at Traverse City.

Snow was general throughout the state over the weekend and early today. Houghton reported 22 inches on the ground. There was eight inches at Traverse City, six at Grand Rapids and Pellston, 3 at Sault Ste. Marie and Houghton Lake and an inch at Alpena, Flint, Jackson, Lansing and Muskegon.

The cold wave moved into the state Saturday. Highs Sunday ranged in the 20s generally, with Flint taking high honors with a freezing 32.

Council Nears Windup In Rome

VATICAN CITY (UPI)—The Ecumenical Council Monday began its final week of work with a controversy still raging on the birth control issue.

The assembly of more than 2,200 bishops meets Tuesday, Thursday and Saturday to wrap up its agenda. The historic gathering closes Dec. 8 after four years.

Three items still face definitive voting during the final week sessions. They are the decree for infusing new drive into the church's missions, to be voted on Tuesday, a set of resolutions for guiding priests in contemporary life which will be voted through Thursday, and a massive tract on the church's role in the modern world which comes up Saturday.

A declaration of religious liberty, which recognizes the right of all men to freedom of worship without civil restrictions, has already won a final vote of approval.

It will be promulgated, along with the other three decrees, at a last public session on Dec. 7, the day before Pope Paul VI closes the council with solemn state ceremonies.

Briefly Told

The Better Hearing and Speech Society will meet at the Chamber of Commerce building on Wednesday at 8 p.m. Dr. W. S. Jones, Jr., eye, ear, nose and throat specialist, Menominee, will discuss hearing problems. The public is invited to attend. Refreshments will be served.

The newly-organized Escanaba adult ski club will meet at 8 p.m. Wednesday at American Timber Homes' A-frame chalet on U.S. 2 and 41 near the north city limits. A ski movie will be shown and there will be a display and discussion of ski equipment. All adult skiers interested are welcome.

Irvin L. Nizyboriski, 44, of Dearborn Heights, Mich., was fined \$10 and assessed court costs of \$7.50 by Justice Ross Davis in Gladstone Saturday after he pleaded guilty to a conservation charge of transporting and possessing an unlicensed gun in a motor vehicle.

The first meeting of the Odd Fellows Sinear Club will be held Tuesday evening, Nov. 30 at 7:30 p.m. Everyone is urged to be there promptly so that play can get under way. Old members and newcomers are welcome. Lunch will be served. For more information call Warren Johnston 786-0126 or Grant Nygaard at 786-4017.

Traffic court summonses have been issued by Escanaba police to Gerald C. Olson, Bark River, speeding; Glenn I. Williams, 330 S. 25th St., failing to yield the right of way; and John L. Martinson, 1410 N. 18th St., failing to yield the right of way.

Chicago Prices

POTATOES
CHICAGO (UPI)—(USDA)—Michigan potatoes: (FOB) demand good; market firm; round white paper 10s mostly 33 cents; 20s mostly 60 cents; 30s 1.35-1.40; russets paper 20s 53-55 cents.

POULTRY, BUTTER, EGGS
CHICAGO (UPI)—Produce: Live poultry: Roasters 23½-25; special fed White Rock fryers 18½-19½.
Butter: Firm; 93 score 63½; 92 score 63½; 90 score 62½; 89 score 61½.
Eggs: Easy. White large 42; mixed large extras 42; mediums 33½; standards 35½; checks 30.

Highways throughout the state were generally slippery because of the snow. The State Highway Department said roads were particularly bad in the area around Marquette, Newberry, St. Ignace and Iron Mountain in the Upper Peninsula.

More To Come

"Cloudy, windy snow flurries and continued cold," was the weatherman's prediction for the entire state today. Heavy snow was predicted for areas along Lake Superior in the Upper Peninsula and 28 at Traverse City.

Snow accumulation today was expected to amount to near two inches along the lakes, with lesser amounts inland. Highs were slated to range in the high 20s and low 30s. Lows tonight will drop into the low 20s, with northern areas getting lows all the way down to 10.

The temperature in Escanaba at 10 a.m. today was 29 and the wind was out of the north-northwest at 11 mph. High Sunday was 30 and overnight was 27.

Snow and continued cold with a high today of 30 and partly cloudy tonight, with a low of 18 and a high Tuesday of 30 is the forecast.

Escanaba had a trace of snow on the ground and overcast today.

New Car Show Draws Crowds

DETROIT (UPI)—More than 35,000 persons flocked to see the very latest in new cars, foreign cars, dream cars and trucks Sunday as the 1966 Detroit Auto Show swung into its second day.

Attendance for the first two days of the affair climbed to 72,854 as the visitors looked over, around and under the latest products of the carmakers.

The Detroit Show is the first each year to display all the new models of the 15 domestic makers at the same time.

Of course there is the usual gathering of pretty girls and professional models at each exhibit to show off the better features of each make, and as an additional treat, Miss America, Deborah Bryant, will be at the show today and Tuesday, and again next weekend.

The promoters said the crowds this year were 36 per cent above that of a year ago and attributed this to the booming interest in new cars.

Charlotte Man Named Deputy State Treasurer

LANSING (UPI)—Carroll C. Newton of Charlotte, a former five-term Republican legislator, has been named as chief deputy treasurer by State Treasurer Allison Green.

Green, who became treasurer last week after his appointment by Gov. George Romney, served seven terms in the House of Representatives, including one as speaker of the House. He had been acting auditor general for nine months, with Newton as his administrative assistant.

Newton, 47, will receive a salary of \$14,000 in his new position as chief deputy. Three more deputies, in charge of the Bureau of Collections, Treasury, and Local Governmental Services, are expected to be named this week.

A farmer, Newton has been active in many local government and civic projects in Eaton County. He appeared to have squeezed by in his reelection bid last year, but a recount showed Rep. Claude E. Burton, D-Bellevue, to be the winner by 16 votes.

Rat Gets Snort

Democrats Have No Comment On Fiscal Reform

LANSING (UPI)—Top Democratic lawmakers today smothered their party's demands for enactment of income tax based fiscal reform in election-year 1966 in a "no comment" cloak.

In a unanimous vote Sunday, the Democratic State Central Committee—the party's top governing unit—said an income tax-based tax reform program "should be enacted in the 1966 session of the Michigan State Legislature."

Democratic State Chairman Zolton A. Ferency said today the resolution was "binding on the Democratic party and on the people who purport to speak for the Democratic party."

But he said it was also "encouraging and advisory" for elected officials.

One Step Farther
The Central Committee's action reaffirmed a stand taken by the new Democratic Advisory Council Sept. 19 but went one step further in setting an ideal deadline for action by the Democratic-dominated Legislature.

The 1965 Democratic platform called for immediate tax action, but legislative Democrats failed to take up the matter in either 1965 session.

A spokesman for House Speaker Joseph J. Kowalski, D-Detroit, said there would be "no comment at this time" from Kowalski. Kowalski has fought enactment of a fiscal reform program based on a high-revenue income tax because he says Michigan "does not need an income tax now."

The state closed out the last fiscal year with a \$135 million surplus, but economic experts in both parties have predicted it will be consumed within two budget years, leaving Michigan with another deficit.

A bipartisan fiscal reform program, worked out by Gov. George Romney and a group of Republican and Democratic lawmakers from both parties, was developed last summer. But it did not win enough support in the House Democratic caucus to bring it on the floor for debate.

It was based on a three per cent flat rate personal income tax.

The chairman of the two taxation committees, through which any tax reform measures would have to pass, Sen. George S. Fitzgerald, D-Grosse Pointe Park, and Rep. George Montgomery, D-Detroit, likewise had no comment today. Senate Majority Leader Raymond D. Zenzel, D-Detroit, could not be reached.

The Sept. 19 resolution urged immediate action, saying that the present was an "opportune time" to work on a major overhaul of the state's finances, including "an income tax on corporations, financial institutions, and persons."

Stop-Gap Measure
But it hinted Democrats would go along with a flat-rate income tax as a stop-gap measure until they can seek a constitutional amendment allowing a graduated tax that they feel is a more equitable method of taxation.

"The Democratic State Central Committee accepts the statement of the Democratic Advisory Council, as a general indication of tax policy," the latest resolution read. "More specifically, it is the firm opinion of the Democratic State Central Committee that a fiscal reform program should be enacted in the 1966 session of the Michigan State Legislature."

Ferency said he did not expect any "open repercussions" from Democratic lawmakers. "I am sure the legislators understand the Democratic party has been for fiscal reform for more than a decade," he said.

He also said that there had been only "one major difference" between party leaders and legislative generals during the past session—"The timing of fiscal reform."

"There wasn't anybody who didn't recognize the need," Ferency said, "but there was a difference of opinion on the timing behind it."

Kowalski has charged that the reason Romney wants to have a fiscal reform package passed during this Legislature is that he will be "too busy running for President in 1967 and 1968" to consider tax problems in Michigan when they are expected to arise.

Mount Pleasant Warehouse Burns

A fast-spreading blaze, fanned by winds up to 60 miles an hour, destroyed the Fabiano Bros. beverage warehouse and three trucks Saturday.

Damage was estimated at about \$200,000 to the building and contents. Several firemen escaped injury when a wall collapsed. The cause of the blaze was not determined.

Gambling Patriots Snatch AFL Upset Over New Yorkers

By GEORGE C. LANGFORD
UPI Sports Writer

Mike Holovak flashed his best poker face and admitted he went to the pot with a losing hand. "I sent word into the huddle when we got down to the New York 10-yard line. 'Four downs for the touchdown—no field goal,' explained Holovak, the head coach of the Boston Patriots. "We had nothing to lose—except another game."

The New York Jets were leading 23-20 with 54 seconds left in the game Sunday when the Patriots reached fourth down and still had not scored. The ball was on the two-yard line, a spot for an easy game-winning field goal.

"If a tie would not have hurt us, we would have gone for the field goal," said Holovak, whose team had won only one game previously in its worst season in the American Football League.

Two-yard "Flip"

Ignoring the field goal, Babe Parilli hit end Tony Romeo

with a two-yard flip for the touchdown that gave the Patriots a 27-23 triumph.

"It was the same roll-out pass we had tried two plays earlier," Parilli said. "The first time I missed him. Actually he was the secondary receiver on that play but he was wide open and I hit him."

The Patriots are practically assured of last place in the Eastern Conference and Holovak already had been frustrated by two tie games, and he was determined to gamble everything on a victory.

"You play this game to win, we had a chance to do it and we took the chance," he continued.

"We've played good football all season and our 2-8-2 record could easily be 8-2-2. The only thing that has kept us from that has been a few costly mistakes."

"Let me warn the rest of the league right now," Holovak added, "we'll have to be

reckoned with next year." Then the Boston coach showed his hand, or at least a couple of aces he has up his sleeve.

Weight Reduced

"Jim Nance is going to be one of the finest rushers in the league next season. He came into camp this season at 255 pounds, and he's just now getting into shape," Holovak said of his rookie fullback from Syracuse. "Next year he's going to report at 225 and he isn't going to be just busting off the middle. He'll be running off tackle and around end with the best of them."

Holovak also said that Parilli, the 13-year veteran, has no intentions of retiring next season. "You bet he'll be back."

The loss was the sixth for the Jets, the only team which had a mathematical chance to catch the first-place Buffalo Bills in the Eastern Division race and eliminated them from contention giving the Bills their second straight Eastern crown.

Len Dawson tossed three touchdowns passes to power Kansas City to a 52-14 triumph over Houston in the only other AFL game scheduled. The victory moved the Chiefs into second place in the West and to within one game of the front-running San Diego Chargers.

Kansas City running mates Curtis McCClinton and Mack Lee Hill combined for 218 yards rushing and Dawson connected on 14 of 17 passes for 211 yards. Dawson pitched scoring strikes of 45 yards to Otis Taylor, 22 yards to Frank Jackson and five yards to Fred Arbanas. Pete Beathard, relieving Dawson in the final quarter, threw a five-yard TD pass to Arbanas and ran seven yards for a score.

Packer Picks In Pro Draft

Here are the picks of the Green Bay Packers in the NFL college draft, listed in order of their selection:

Jim Grabowski, Illinois fullback; Gale Gillingham, Minnesota tackle; Tom Chichowski, Maryland tackle; Fred Heron, San Jose tackle; Tony Jeter, Nebraska tight end; John Roderick, Southern Methodist flanker; Ray Miller, Idaho defensive end; Ken McLean, Texas A&M flanker; Ron Rector, Northwestern fullback; Sam Montgomery, Texas Southern defensive back; Ralph Wenzel, San Diego center; Jim Mankin, Florida State fullback; Ed King, Southern Cal linebacker; Ron Hanson, North Dakota State flanker; Grady Bolton, Mississippi State tackle; Bob Schultz, Stevens Point defensive back; Dave Hatcock, Memphis State defensive end; Jim Jones, Omaha defensive end; Dave Morton, Southern California end; and Ed Maras, S. Dakota State end.

Rivals Are Set For Bowl Games

By JEFF MEYERS
UPI Sports Writer

After 609 major college football games, the best is still to come.

Aside from three clashes on Saturday, the collegiate gridiron campaign virtually closed out last weekend, aiming the spotlight solely on the post-season bowl games. Out of a possible 115 candidates when the 1965 season began, only 14 of the nation's outstanding teams will play in the seven major bowls.

Here's how the lineup looks for the seven top bowl games (with national ranking in parentheses):
Rose, Jan. 1—Michigan State (No. 1), 10-0, vs. UCLA (No. 4), 7-1-1.
Cotton, Jan. 1—Arkansas (No. 2), 10-0, vs. Louisiana State (No. 13), 7-3.
Orange, Jan. 1—Nebraska (No. 3), 10-0, vs. Alabama (No. 5), 8-1-1.
Sugar, Jan. 1—Missouri (No. 6), 7-2-1, vs. Florida (No. 14), 7-3.
Gator, Dec. 31—Georgia Tech (No. 15), 6-3-1, vs. Texas Tech (No. 9), 8-2.
Bluebonnet, Dec. 18—Tennessee (No. 8), 6-1-2, vs.

CLEVELAND BROWNS owner Art Modell, left, poses with star fullback Jimmy Brown in the dressing room Sunday after clinching the Eastern division championship in the National Football League by defeating Pittsburgh. (AP Wirephoto)

Browns Win It; Jimmy Is Star

By CURT BLOCK
UPI Sports Writer

As Jimmy Brown goes so go the Cleveland Browns. Therefore it's little wonder that the National Football League's defending champions will be in the title game again and their incomparable fullback is in the midst of his finest season.

The NFL kingpins clinched the Eastern Division crown for the second straight year Sunday and once more the difference was the redoubtable Mr. Brown.

The bone crushing former Syracuse star was held to 19 yards on the ground in the first half at Pittsburgh Sunday and the Browns returned to the dressing room clinging to a slim 7-0 lead.

However, Brown and the Browns came to life in the second half as Jimmy crossed the goal line for six points on four occasions to spark Cleveland to a 42-21 trouncing of the Steelers. The triumph gave Cleveland an unbeatable four-game lead in the East with three games remaining.

In other NFL games, Los Angeles upset Green Bay 21-10. Chicago clobbered New York 35-14. Washington edged Dallas 34-31. Philadelphia beat St. Louis 28-24. And San Francisco whipped Minnesota 45-24.

Winner of the \$10,000 Hickok Belt as the outstanding professional athlete of 1964, Brown established a new personal one-season touchdown mark for himself at 19 with three games left and raised his total point production to 114 for another career high.

Jimmy talked in the third period on runs of three and two yards and dashed 15 yards to paydirt to open the final session. He was on the receiving end of a 27-yard scoring aerial from reserve quarterback Jim Nicoski to complete the game's scoring.

Overall, the bruising fullback rushed for 146 yards, marking the seventh time this season, and 57th in his career, that Brown has gained more than 100 yards in a single contest.

Los Angeles placekicker Bruce Gossett booted four field goals in the Rams' surprise victory over Green Bay that

dropped the Packers 1½ games behind Baltimore, the Western Division pacemaster.

Second string signalcaller Roman Gabriel was another hero as the Rams registered their second victory of the season. Gabriel guided the club 61 yards in the first period with Ben Wilson slashing five yards off guard for LA's only touchdown. The remainder of the points came on field goals of 26, 49, 43, and 41 yards by Gossett and a last period safety.

Scoring Record

Chicago sensation Gale Sayers set a league scoring record of 14 touchdowns in a freshman season by romping to two scores. The 22-year-old half sprinted 45 yards in the first half and went 15 yards for the last score of the game. He juggled the ball 13 times for 113 yards and had a touchdown pass called back by a penalty.

Quarterback Rudy Bukich was on target, completing 16 passes for 234 yards and one touchdown. Earl Morrall of the

Canadiens Late But Score Early

By United Press International
The Montreal Canadiens arrived late but scored early in a first-place showdown that saw them move into the lead in the National Hockey League.

The game between the Canadiens and Chicago Black Hawks was delayed 30 minutes when the train carrying the visiting Montreal players was late pulling into the Windy City.

Once the game got under way it took only nine seconds for the Canadiens to score. They eventually squeezed out a 2-1 triumph to take a two-point edge in the standings over the Black Hawks.

In other NHL action, Toronto edged New York 3-2 and Detroit topped Boston 5-3.

Nahma Eyes Third Cage Win Of Year

The Nahma Arrows, doormat of the Central League in a winless season last year, will be shooting for their third victory in four starts when they play host to the Hermansville Redskins of the Big Seven Conference Tuesday night.

After bowing to Garden, 72-52, in their season opener, Coach Seb Rubick's Nahma

quint knocked off Perkins and Eben in successive outings. Eben is the defending champion of the Central loop.

The Arrows will also be in action Friday night, playing at Trenary. Coach Steve Ellis' Comets won two straight this season.

In other small school action in the area Tuesday night Trenary travels to Eben and the Powers-Spaulding Tigers seek their third straight triumph at Pembine. The tall Stephenson Eagles host Iron Mountain in a Great Northern battle Tuesday night. Wednesday night the Carney Wolves meet Rapid River, at the Rocket gym, in the first cage meeting between the schools in history. Garden travels to Cooks in a Thursday night Central League contest.

A full slate of games is on tap this weekend with most area teams traveling Friday night. Holy Name is at Stephenson in Great Northern competition and Gladstone at Manistique in a Great Lakes clash.

On Saturday the Escanaba Eskimos will be shooting for their third in a row in a Great Northern battle at Menominee. The Maroons also are unbeaten in two starts. Holy Name returns home Saturday night to test the Ishpeming Hematites of the Great Lakes Conference.

Detroit Lions Look To Future In Grid Draft

DETROIT (UPI)—The Detroit Lions took a look into the future Saturday as they made their selections in the annual National Football League draft of college football talent.

The Lions had already given up their rights to a first round choice when they signed Ron Kramer from the Green Bay Packers last summer.

But in the first crack at selecting players, Lions head coach Harry Gilmer and director of player personnel Russ Thomas named Notre Dame halfback Nick Eddy, a player with a year of eligibility remaining in his college career.

After that the Lions named four more "future" choices, including seventh choice, end John Robinson from Tennessee State, and subsequent choices of Dick Cunningham, Arkansas guard, Ralph Dunlap, Baylor defense end and Allen Smith, Findlay back.

Gilmer felt that the star halfback for the Irish would be worth waiting a year for to avoid the possibility of losing him in the draft next year. It was the first time the Lions had ever selected a man with a year of college football yet ahead of him.

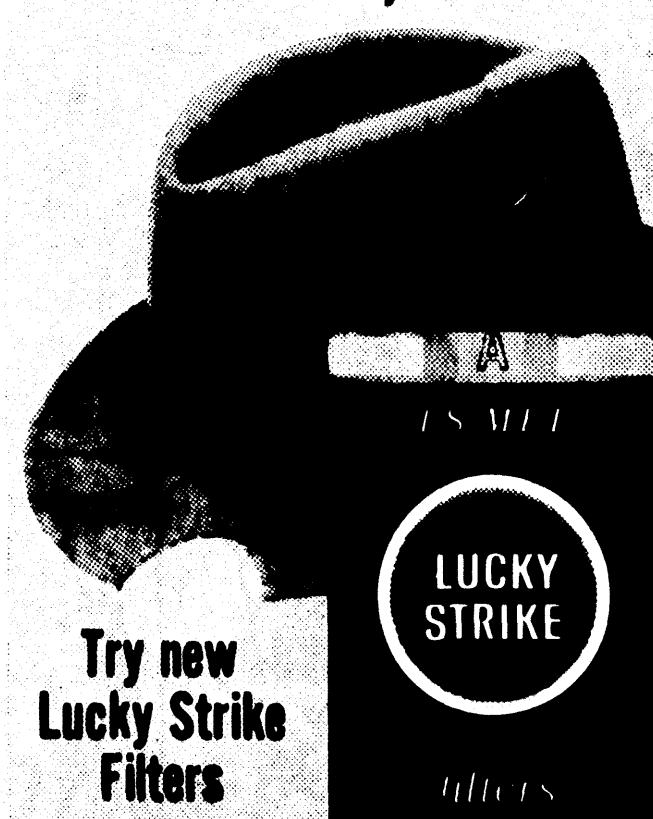

As their No. 1 choice Detroit took Indiana end Bill Malinchak, whom Gilmer feels has the size to play the end position and the speed to go at the flanker spot.

The No. 3 selection was a rugged 6-foot, 2-inch lineman from Ohio State, Doug Van Horn, and the fourth choice was Willie Walker, a swift end from Tennessee A&I.

Auburn linebacker, Bill Cody, was the fifth choice for Detroit, followed by Wayne DeSutter, a defensive end from Western Illinois, Robinson, the future choice, John Pincavage, a Virginia defensive back, and Cunningham, the future choice from Arkansas.

The rest of the Lions draftees

"All I said was:
Show me a filter that delivers the taste
and I'll eat my hat."

OUR BOARDING HOUSE with Major Hoople OUT OUR WAY

by J. R. Williams

Manistique News

Harbor Inspection Is Scheduled By Congressman

An on-the-spot inspection of harbor facilities in Manistique, and area where potential improvement has been suggested, is scheduled by U.S. Congressman Raymond F. Cleveland.

The congressman is coming for the U.P. Supervisors Assn. meeting Dec. 3-4. He will be here Dec. 3 and speak at the Surf at 6:30 p.m.

The supervisors meeting is expected to attract a large attendance for discussion of new legislation, apportionment, tax exemptions, taxation and the war on poverty program.

The city council, members of the Schoolcraft board and other interested persons will join Cong. Cleveland for the harbor inspection. Better facilities are being sought, with a proposal made to relocate the harbor west of the city, where deep water is available a short distance from the shore.

The present harbor has rock in its channel, which has been blasted to provide depths of 18 and 19 feet. Lake levels have dropped since the work was done and there is not that much draft now available.

Alger To Ballot On Medical Care Facility Tuesday

Alger County voters will ballot Tuesday, Nov. 30 on a proposal to construct a medical care facility. The proposal would authorize the Alger County Board to bond for \$170,000 to pay part of the cost of the facility, to be adjacent to Munising Memorial Hospital. A Hill-Burton grant is to be received for the remainder. The plan calls for the hospital administrator serving as administrator of the 32-bed facility, with the county social welfare board in charge of its operation. A similar proposal failed by four votes Sept. 7.

Briefly Told

The Social Club will meet in the VFW clubrooms at 6 p.m. Wednesday, Dec. 1, for a Christmas party. Members are to bring \$1 exchange gifts.

Veterans and widows of veterans interested in the veterans homestead exemption are asked to meet at the VFW Hall at 7 p.m. today.

Cub Scout pack 402 meets at 7 p.m. Wednesday in Augustana Hall.

Hospital

Admitted to Schoolcraft Memorial Hospital were Allen Schuetter, 909 Saginaw; Shirley Bohing, Newberry; Judith Sheppard, 228 N. 4th; Theresa Gould, 528 N. Houghton.

Discharged were Sally Settelind and baby, James Jewett, Allen Schuetter, and Danny Evonich.

Church Events

The First Baptist board of trustees meets at the church at 7:30 p.m. Tuesday.

Personals

Mr. and Mrs. David Degtman of Noathfield, Ill., and children, Debbie, Dennis and David Jr., visited her parents, Mr. and Mrs. Lyle McManus.

Woman Hurt In Collision

An Escanaba woman was hospitalized Sunday night with injuries suffered in an automobile accident on slippery U.S. 41 in Masonville Township.

Mrs. George (Laina) Jensen, 52, of 1616 1st Ave. S., was reported in "fair" condition this morning. She was suffering from injuries to her left knee.

Mrs. Jensen was a passenger in her husband's car which struck the rear of a parked car at 7:30 p.m., State Police said. The Jensen vehicle hit the rear of a car owned by Stephen Pater, 27, of 832 Sheridan Rd., Escanaba.

Pater's car was pushed into the rear of another parked car, driven by Donald Haapala, 1210 S. 12th St., Escanaba, troopers said. Haapala and Pater had stopped on the shoulder of the road waiting for another automobile to be pushed off the pavement and Jensen was unable to stop, police said.

No tickets were issued. The incident triggered another accident at the same spot, police said.

William Feeley Jr., 30, of Inkster, Mich., skidded off the road into a ditch and struck a bridge abutment when he attempted to stop behind another car which braked for the accident. Feeley was not injured and was not ticketed.

John Frantel, 24, of Kincheloe Air Force Base, was ticketed, however, after his car went off U.S. 2 and 41 and rolled over in Masonville. He was charged with violation of the basic speed law, failure to have his car under control.

A passenger in his car, Christian Evans, 22, also of Kincheloe, was slightly injured, but not hospitalized, officers said.

Slippery pavement contributed to the cause of all three accidents, troopers said.

Bullets Stolen In Breakin At Hunting Camp

Three boxes of rifle shells and five gallons of gasoline were stolen sometime Friday or Saturday in a breakin at a hunting camp in Wells Township, Marquette County, State Police reported.

The camp is owned by Ralph Beeson, 609 S. 16th St., Escanaba. One box of 30-30 shells, two boxes of .22 caliber and beer and coffee were taken from the camp, troopers said. The gasoline was taken from a tractor parked outside.

Entry was gained by forcing a window, police said. Investigation is continuing.

Two Fined For Drunk Driving

Two men who were charged by State Police with driving under the influence of intoxicants after auto accidents earlier this month have pleaded guilty before Justice Ross Davis of Gladstone.

Edsel King, 43, of Rapid River, was fined \$50 and assessed \$7.10 costs and Arnold Miron, 30, of Milwaukee, Wis., was fined \$100 and assessed \$8.80 court costs. King's driver's license was revoked and Miron's record will be forwarded to Wisconsin authorities for similar action under a reciprocity agreement between states.

Obituary

LEO MORGAN
Funeral services for Leo Morgan were held this morning at 9 a.m. from All Saints Church with Msgr. Matt Laviolette officiating. Burial was in Fernwood Cemetery. Pallbearers were: Reed Oathout, Emil Auger, Louis Frantz, Edward Esler, Walter VanDeweghe and Blain Clausen.

THE LITTLE WOMAN

Guard Unit To Start Training

The Michigan National Guard unit at Gladstone, its strength reduced by the recent transfer of 50 men to a "super ready" reserve force, will re-new training drills Tuesday night.

Capt. George Anderson, commander of Company E, 107th Engineer Battalion, said today the active strength of the unit is 44 men. Authorized strength is 77.

Seven new recruits has boosted the unit since the transfer, Anderson said, but more recruits are needed, especially men with previous military service.

New recruits are Paul Anderson and Wallace Beauchamp, both of Rte. 1, Escanaba. Wallace Godfrey, Victor Harris and David Trotter of Gladstone. Gary Dahl of Rte. 1, Bark River, and Gary St. John of Schaffer.

Anderson said the unit must rebuild its strength, with few trained instructors and only a handful of non-commissioned officers left since the transfer. Men Tuesday will go through one hour of orientation and then move into another hour of drill, Anderson said.

Boathouse, Shed Burn At Camp

Fire of undetermined origin Sunday destroyed a boat house and shed at a camp owned by Donald Sakiliv, 1835 3rd Ave. N., Escanaba. State Police reported.

The camp was located on Sandtrunk Lake in Bay de Noc Township. Both buildings were wooden, frame construction, troopers said.

Briefly Told

State Police ticketed Robert Henderson, Rte. 2, Bark River, no registration plates on vehicle, and Melvin LaCarte, Rte. 1, Cornell, defective brakes.

Glass in the front door of the Wells Post office was reported broken out at 8:45 p.m. Saturday. State Police said today. There was no evidence of an attempted breakin, but troopers are continuing their investigation.

Yens Peterson, 1401 Michigan Ave., Gladstone, reported to State Police Sunday that someone had driven nails into two tires on his pickup truck. The truck was parked at a camp in Bay de Noc Township. Troopers are investigating.

The Red Cross bloodmobile will be at the James T. Jones School in Gladstone on Tuesday from 3 to 7 p.m. Donors are invited to walk in if they are unable to make an appointment.

Combined school of instruction for Gladstone and Escanaba chapters, Order of Eastern Star, will be held at 7:30 p.m. Tuesday at the Gladstone Masonic Hall.
